REPORTING OFFICER: (2054) STRUBE, LOUIS

NARRATIVE

On 07/23/2016 at approximately 1942 hours I was dispatched to a Missing Person call. I made contact with Preety Lal; dob: 11/07/1989 and Denice Pracht; dob:07/08/1964. They were reporting Eric Pracht; dob:06/14/2016 as missing.

I was informed that on the date of 07/22/2016, Eric was at home with Preety as well as his friends: Caleb DeVoux; dob: 05/03/1991 and Priyanka Lal; dob:10/01/1990. According to Preety, Eric came home at approximately 2030 hours on 07/22/2016. The four of them were drinking and as the evening went on, current events and politics were being discussed. Preety informed me that Eric is a medic for South Park Ambulance and had become depressed over current police attacks. She stated that they were intoxicated during the discussion which turned into a verbal argument. She told me that "he took it personal" and felt that he was "targeted" because his medic uniform is similar to Police Officers.

At about 2355 hours Eric and Preety took a bag of trash out to the dumpster. The argument continued and she informed me that he "felt like I wasn't on his side". He told her that he needed to "cool off and take a walk". This is common behavior for Eric "to take a breather" during arguments. She stated that at no time did the argument become physical.

Caleb is a coworker and friend of Eric. He informed me that Eric has had a few "bad calls involving children" that has caused Eric to become depressed over the last few weeks. Caleb said that Eric has spoken to him about his experiences during the "bad calls" but does not know if Eric has sought any professional care. Eric has not made any statements to Caleb about suicide or self-harm.

I also spoke to Priyanka who is the sister of Preety. Priyanka stated that Eric appeared to be upset about the topics being discussed. She did not have any further information from what was described by Caleb or Preety. Priyanka did not hear Eric make any statements of suicide or self-harm.

Caleb and Priyanka stayed in the apartment while Eric and Preety took out the garbage. Preety is the last known person to have seen Eric.

Eric was wearing tan shorts and a blue shirt. Eric did not have shoes on when he left. It is believed that Eric had his phone and ID with him when he left.

Eric does own firearms which are kept locked in a safe at his home. At the time of report, Preety believed that Eric was not armed with a gun.

Eric did not make any statements to harm himself or others. Preety stated that it is not normal behavior for Eric to not be in contact for a long period of time.

Eric is not under the care of a doctor for depression. Eric is not known to use drugs and is not taking any prescribed by a doctor.

Preety does not believe that Eric is in another relationship and he does not have a history of cheating on her.

Preety and his mother, Denice, informed me that they had made numerous calls to local hospitals and to Jefferson County Jail to inquire about the possibility of Eric being arrested or in a hospital. They were informed that no persons of his name were in the jail or medical computer systems.

I contacted Arapahoe House to enquire if Eric was under their care but at the time of report, they did not provide any information to confirm or deny treatment.

After canvassing neighbors at the area, nobody saw a male matching the description. No neighbors heard or saw anything unusual during the time in question. There were no signs of struggle or violence at the location that I observed during my canvass.

I attempted to call Eric's cellphone. The call went directly to voicemail and I left a message.

Eric's vehicle with plate (CO) [REDACTED] was on scene and accounted for at the time of report.

I did a Query Query search for his name and did not get any results.

Eric was listed as a Missing Person with LPD records: TTY# R16-02938.

I was informed by Preety that she contacted Verizon Wireless the last known outgoing call made from Eric's phone was at approximately 1719 hours on 07/23/2016.

Incident/Investigation Report

Lakewood Police Department

Case Number: 16-030309

REPORTING OFFICER: (2054) STRUBE, LOUIS

On 07/24/2016 at approximately 1315 hours I was informed that LPD Dispatch obtained information with Verizon Wireless regarding the last known phone call made by Eric's cell phone. The phone made an outgoing call from the area of 1830 S Yank Ct. I went to the address and made contact with the homeowner. The owner does not know Eric. He allowed me access to his camping trailer that was in the front driveway and found to be unlocked. It did not appear to the owner to have anything out of place or missing. The homeowner also allowed me to the open space behind his back yard. The area is a very steep ravine that is heavily wooded, is overgrown with shrubs and also has extensive underbrush. There appeared to be few game trails in the area. It did not appear to be traveled by humans. There was no indication that Eric was in that area. No items associated to Eric were found during this search.

I also conducted a neighborhood canvas of that area. Nobody I spoke to knew Eric or had seen anyone matching his description during the time in question.

I spoke to Preety again via phone. She informed me that she has a joint bank account with Eric, for bills, and there were no new transactions from that account. She also informed me that Eric has a 1st Bank Debit Card. She was able to contact the bank and there were no new transactions on his Debit Card since Eric was last seen.

She informed me that Eric has a BestBuy MasterCard and another unknown credit card. At the time of report she does not know if these cards have been used.

Nothing further at this time.

REPORTING OFFICER: (1977) JOHNSON, LAUREN

On 072516 I assisted Major Crimes Detectives with the coordination and execution of a search investigation for a missing adult, identified as Eric Pracht (061491). Eric was last seen early Saturday morning (072316) in the parking lot of his apartment/condo complex at 1655 S. Cole St. B-7 and was missing under suspicious circumstances.

The command post was established at Concordia Lutheran Church at 13371 W. Alameda Pkwy. Detectives Maas, Jackson, Gist and myself were first tasked with conducting a canvass of the immediate buildings surrounding Eric's building and the ones determined to possibly be along the path he was last seen walking.

Detective Maas and I knocked on doors with a flyer with Eric's picture and asked tenants if they had information or had seen him the night he went missing. We first canvassed 1655 S. Cole St. and I contacted the following units: B1, C1, B3, B2, C2, B6 and C8. Detective Maas contacted the remaining units. See her report for further.

Of these units, B1, B3 B2, and C8 did not recognize his picture or have any information. The female in C1, identified as Michelle Carlson (041677) thought Eric looked familiar was but unsure if she had seen him the night he went missing. She said she thought she saw a male who looked like him with a skateboard along with a second young male in a dark sedan Friday night around 2200 hours. She had no further information about the vehicle or the two males. She said she was inside her unit by 2330 hours and did not see anything else that night.

I received no answer at units C2 and B6.

Next we canvassed 1648 S. Cole St. I attempted contact at A1, B3, C7, B2, C2 and B8. No one came to the door at any of these units.

Next, we canvassed 1646 S. Cole St. and I attempted contact at B6, B8, C2, A1, B5, C7, and B7. The tenants in C2 and A1 advised they did not have any information and I received no answer from the remaining units.

Next we canvassed 1638 S. Cole St. and I attempted contact at B3, C1, A2, B4, B6 and C8. The tenants in A2 and B4 did not have any information and I received no answer from the remaining units.

Lastly we canvassed 1631 S. Cole St. and I attempted contact at B6, C8, C2, C1 and B5. The residents in B6 and C8 did not have any information. I received no answer at C2 and C1 and the occupant in B5 stated she did not live there and to maybe check back when her son returns.

This concluded our canvass, see other reports for further.

Our next task was to lead a group of volunteers on a search. Detective Maas and I were assigned to take them from Lutheran Church of the Master located at 14099 W. Jewell Ave through to Ravines Open Space near W. Utah Ave/ W. Alameda Pkwy. We took a group of approximately 10 volunteers and searched the designated area and south. Nothing pertaining to this case was located.

Due to dark lighting conditions (2100 hours), the search was continued to the next morning.

On 072616 Detective Maas, Jackson, Gist and I were tasked with leading a search group through Zone 1, Eric's apartment/condo complex, Lakewood Vista; searching for evidence, places of refuge, and clearing the community garages.

About 20 volunteers were split into 2 groups and Detective Maas and I teamed up to lead one of them. We systematically took them from building to building starting on the east side of the complex working west. Detectives Gist and Jackson did the same working from the west to the east. All areas were covered and the all the community garages were searched and cleared.

Detectives Maas, Jackson, Gist and I then cleared the businesses just to the south of the complex.

Next Detective Maas and I lead a group of about 10 through zone four designated as W. Jewell Ave to W. Pacific Ave S; S. Devinney St to S. Deframe St. Lastly we were tasked with searching zone 10, south from W. Alameda Pkwy on S. Indiana St. through the neighborhood of Solterra.

No evidence was located.

This concluded my involvement with this case.

On 07-25-16, I assisted with the search efforts for Eric Pracht and met Preety Lal at their residence with Jeffco bloodhound K9 handler Kelly Fosler at approximately 1500 hours. Fosler obtained a scent article from the residence and obtained her K9 Jessie to track for Eric. Preety pointed out the nearby trashcan that she last saw Eric throw away his can of beer and the K9 went in a westerly direction through the complex and up the embankment towards W Alameda Parkway. While remaining on the east side of the roadway, and east of the concrete bike path, the K9 went in a northern direction. Upon getting to the NW corner of the complex, the K9 re-entered the complex and ultimately the track ended in that area. The track was called at approximately 1600 hours.

At approximately 1745 hours, I was with approximately 22 volunteers who searched the drainage area south of W Yale Ave to Morrison Road (southern end of Coyote Gulch Park).

At approximately 2010 hours, I was with approximately 6 volunteers and searched the area outside of the baseball field of Beech Park (1682 S Beech St), which included the ravine area drainage that intersected with S Welch Circle.

On 07-26-16, at approximately 0930 hours, Detective Lopez and I was with approximately 6 volunteers where we searched the ravine above S Welch Circle (overlapping from last night's effort from Beech Park). We continued down the ravine area south of S Welch Circle and west of Devinny and Dunstan schools.

At approximately 1315 hours, Detectives Lopez and Simpson and I, along with approximately 8 volunteers, went to S Indiana St/W Iliff Ave. Cell phone data, with the assistance of the FBI, indicated the area needing to be searched. Fencing in the neighborhood was waist high cast iron replica fencing and the landscaping was immature which facilitated seeing into yards. Residents were contacted on the interior streets where permission was asked to search their backyards. We returned to the CP at approximately 1615 hours where shortly afterwards, the search involving police was called off.

On 07-27-16, I spoke to Detective Langley who advised the circumstances of Eric's disappearance did not rise to the level of contacting the FBI liaison to DIA to see if TSA's database of passenger names could be accessed. However, I sent Detective Langley the missing person bulletin/flyer where he forwarded it to his contacts at DIA.

On 072516 I was asked to assist Major Crimes Detectives with the search of a missing adult, identified as Eric Pracht (061491). Eric was reportedly last seen early Saturday morning (072316) in the parking lot of his apartment complex, located at 1655 S. Cole St. B-7. Eric was reported missing under suspicious circumstances.

I responded to the command post which was located at Concordia Lutheran Church, 13371 W. Alameda Pkwy. Detectives Maas, Gist, Johnson and I were asked to conduct a canvass of the apartment complex in which Eric resides.

Detective Gist and I knocked on doors with a Lakewood Police Department "ATL BOLO" flyer containing Eric's picture, name and descriptors. We asked tenants if they recognized Eric or had any information regarding the night he went missing.

Detective Gist took notes of the apartments that were contacted. See her report for details. In addition to the apartments listed in Det. Gist's report we also contacted the following apartments:

1631 S. Deframe St. #B5 who did not recognize Eric.

1635 S. Deframe St. who did not recognize Eric.

1650 S. Deframe St. #B1, B3, C1, B6 and C8 who did not recognize Eric.

The resident in 1650 S. Deframe St. #A1, Sharon Travers, was very dramatic upon seeing the missing person flier. Sharon said that she thinks she recognizes the resident. She said that she hasn't seen him recently but has seen him over the years. She said that she was not 100% positive but thought it was a resident she often see walking "fucked up" She said that she hated to say something like that but it was true. She explained the resident she was thinking of was most likely "tweaking". Sharon could not give a name or address if the resident she thought may possibly be Eric. She was given a copy of the flier and asked to call if she saw the resident she thought may be Eric.

1675 S. Cole St. #B7 and C1 did not recognize Eric.

This concluded our neighborhood/apartment complex canvass. See Additional reports for further details.

Later that evening Detective Gist and I were asked to lead a group of volunteers on a search. Detective Gist and I were assigned to take the group from Lutheran Church of the Master located at 14099 W. Jewell Ave through a ravine just south and east of the church. We took a group of approximately 12 volunteers and searched the designated area. Nothing pertaining to this case was located.

At approximately 2100 hours the search was continued until the next morning.

On Monday July 25, 2016 around 1600 hours I, Sergeant Louis Tomasetti of the Lakewood Police Department, was detailed to assist into the missing person investigation. While at the command post, I was informed that a citizen had called in to Lakewood Police Dispatch about seeing Eric Pracht. Around 1655 hours, I contacted James Peterson by telephone who had made the report.

Peterson said around 0900 to 0930 on July 25 he had seen a male who he believed was possibly Pracht. Peterson stated he was driving on W Alameda Parkway near the intersection of W Alameda Parkway, W Jewell Avenue, S Bear Creek Boulevard. Peterson stated he made a right turn from W Alameda Parkway to stay on W Alameda Parkway toward C-470. Peterson said almost immediately after that intersection on the northern side of W Alameda Parkway is a trail head. Peterson explained he observed a male sitting and described him as "dirty, drunk, and or disoriented." Peterson stated the male was barefoot and wearing a light blue or gray shirt and gray pants. Peterson stated the male was a white male and had a brownish goatee. Peterson believed the males age to be late thirties or early forties but conceded he is a poor judge of age. Peterson stated he observed all this information as he was driving by the male at routine traffic speeds. Peterson was not aware of the search for the missing person until later that day and recalled the male seeming out of place. Upon hearing media reports he decided to contact Lakewood Police.

Peterson stated he had seen news Channel 4 website report about Pracht. He also believed that he heard mention of the missing person via radio or television mediums. Peterson stated upon viewing the Channel 4 photograph he believed the male observed was possibly Pracht but noted that the age was a little bit off.

Peterson was willing to be contacted should further investigation be needed. The information I obtained was relayed to the incident command contingent.

On Monday July 25, 2016 around 1600 hours I, Sergeant Louis Tomasetti of the Lakewood Police Department, was detailed to assist into the missing person investigation. On July 25 I assisted Colorado Forensic Canine conduct an area search of Eric Pracht's condominium complex. I also assisted them on an area search of Coyote Gulch Park. I was explained by Colorado Forensic Canine that the type of searching being conducted was based on a scent obtained from Pracht's residence. I was informed by members of Colorado Forensic Canine that both searches were terminated because the canine displayed no tracking behavior and after covering the assigned areas was still indicating a behavior indicative of not locating the scent to be tracked.

On July 26 between approximately 0800 - 1700 hours I was detailed as the Incident Commander. I arranged for the safe and organized search of the area, based on Pracht's cellular information, using the available resources.

On 07/27/2016 I followed up on this case by contacting the Green Mountain Water and Sanitation office located at 13919 W. Utah Ave. The building had several cameras that faced to the south toward the area of the Christ on the Mountain Parish. I was told that during the week of July 18th through the 27th the camera system was being moved over to a new server and that they were not recording. The servers were checked but there was no video.

On 07/29/2016 I received the number for Yisehak Woldekiros and I called the number ((703) 349-9381). I did not get an answer and a voicemail was left.

On 08/03/2016 I followed up by trying to contact Yisehak Woldekiros. I called him and did not get an answer. I left him a voicemail asking him to call me back.

I later followed up with the liquor store at Fox Point Liquor located at 13655 W Jewell Ave. I contacted the store and I was able to retrieve some video from 07/22/2016 from about 2330 hours until 07/23/2016 but I did not see anyone matching Eric's description. The video is formatted in an H264 format and required a specific codec to play. I then contacted 2900 Bear Creek Blvd. to attempt to get video. The clerk Matthew did not know how to work the system and gave me his manager's phone number. I called Ganesh the gas station manager at 720-568-9152, who told me he no longer worked there but that the video was kept for 60 days. He told me the new manager was Berno, but he did not have his phone number.

On 08/12/2016 I called Metro Cab at 303-333-3333 where I spoke to Angelica. I asked to speak to someone who could provide the records for Yisehak Woldekiros cab on the night of 07/22/2016. I explained that Metro Cab had informed us that he possibly picked up a hail down in the area of W. Alameda Parkway. Angelica told me that I needed to speak to Sandra the communications manager, but that she was out of the office until Monday. I then left Sandra a voicemail asking her to call me. Sandra's phone number was 303-336-9106.

I later called the 2900 Bear Creek Blvd. gas station to attempt to speak to Berno at the listed phone number (303-986-3640) and I did not receive and answer.

I then attempted to contact Yisehak Woldekiros, and his phone went straight to voicemail. I left him a message asking him to call me.

Observation/Investigation

On 07/25/16 I was requested by Detective Marquez to assist with a missing person investigation. The missing is an Eric Pracht (DOB 06/14/91) who was last seen on approximately 07/22/16.

On 07/26/16 I wrote a production of records for Trans Union to obtain a credit report for Mr. Pracht. The order was signed by Jefferson County Judge Jean Woodford and was faxed to Trans Union later that day.

On 07/27/16 I sent a request to the members of the International Association of Financial Crimes Investigators (IAFCI) to search for any open accounts held by Eric Pracht. Later I received a telephone call from Bradley Champion with First Bank. Mr. Champion stated that Eric Pracht has an active account with First Bank and has a debit card associated with the account. Mr. Champion stated that he also has a joint account with a Preety Lal. Mr. Champion confirmed no activity on the accounts since 07/22/16.

On 07/29/16 I received the credit report from Trans Union for Eric Pracht. The report shows an active account with Citibank and Capital One. The credit report also showed an account for a mortgage and closed account for an automobile loan.

I then contacted Christopher Kelsay with Capital One and was advised that the last time the card was used was at a Mimi's Caf on July 3, 2016. Mr. Kelsay stated that Mr. Pracht is the primary account holder and is the only name on the credit card.

I then contacted Citibank and was advised that Mr. Pracht has one card and he is the only account holder. The last transaction on the card was a credit card payment made on July 6, 2016. There has been no other activity on the card.

A return of inventory was submitted to the Jefferson County Clerk on August 5, 2016.

End of report.

On 072516, I assisted Major Crime's detectives in doing a neighborhood canvas throughout the apartment complex for information on the missing male, Eric Pracht. We responded to the command post which was established at 13371 W Alameda Pkwy.

I was first tasked to canvas the complex, Det. Johnson and I knocked on doors of several buildings on S. Cole St, while Det. Gist and Jackson contacted other buildings. See their reports for further information.

Our canvas concluded at this time.

Upon returning to the command post, we were assigned to take groups to search different areas. Det. Johnson and I took a group from the Lutheran church at Alameda and Jewell, north along the open space behind the church and the complex through the open space in the church north of the complex and through the ravines ending near Alameda and Utah by the water facility. This search ended when it became dark outside and we finished the ravine behind the water facility. Nothing of interest was located.

On 062616, Det. Johnson and I again took groups of volunteer searchers through the complex while Det. Gist and Jackson took the other half of the complex and did another search, including garages. Nothing was located. Detectives Johnson, Gist, Jackson and I then sent the volunteers back to the command post at the rec center while we searched the businesses.

Det. Johnson and I later took more volunteers through zone 4 and zone 10. Nothing suspicious or related was located on any of the searches.

See other reports for further as this concluded my involvement with assisting in this case.

On 08/20/2016, at about 1914 hours, I was working the front desk of the Lakewood Police Department located at 445 S Allison Pkwy. I was dispatched to call Preety Lal (DOB 11/07/1989) reference follow up on this case.

I spoke with Preety, who identified herself verbally to me. Preety told me the following:

Preety is the fianc of Eric Pracht (DOB 06/14/1991) who went missing from his residence on 07/23/2016. Preety was calling to report that Eric's gun safe had been opened by Lawrence "Randy" Pracht (DOB 01/20/1962). On 08/12/2016, Randy had retrieved Eric's gun safe from the spare bedroom at 1655 S Cole St #B7 and taken it to back to his residence at 11621 Kendall St. Randy was able to contact the safe manufacturer and get a replacement key sent out and with it the safe was opened. Randy was able to account that all the guns Eric owned were in the safe except for a Glock pistol. Preety was positive that Randy would know about all of Eric's guns and Eric has not purchased any since leaving home in February. Although the Glock pistol was missing from the safe, there was one Glock magazine still in the safe. After learning that the Glock was missing, Preety began searching her entire house. Preety was unable to locate the Glock but was able to "ironically" locate the spare key for the safe hidden in a throwing knife case.

The Glock pistol that was missing was last used on Memorial Day weekend. Eric and Preety returned home from going shooting that weekend on May 28th (they actually went out the days before the holiday weekend). Preety hadn't seen the gun since that date. When Preety and Eric first began living together in February, Eric would remove the gun from the safe and put it in a plastic case on the top shelf of the closet during his work week. The gun was put there so Preety could use it in self-defense if needed. When Eric would return home again, he would put the gun back in the safe. After a while, Preety stopped really paying attention and so did Eric and the routine had become less frequent. Once Eric went missing, Preety had checked the case and found there was one "clip" (magazine) in it but it was otherwise empty. Preety assumed that Eric had left the Glock in the gun safe per his routine.

I had Preety look at the Glock gun case for me that reportedly belonged to the missing firearm. The case listed the model as a Glock 23 generation IV. The case indicated that the Glock associated with it carried serial number [REDACTED]. The case further indicated that the weapon was originally sold with three 13 round magazines and therefore one magazine was still unaccounted for. Eric usually left the weapon loaded at all times. The caliber of the weapon was .40 S&W. Preety looked at some of the ammunition in the magazine that remained in the case and it was marked as "Winchester S&W 40."

Preety still has suspicious about Eric's friend Caleb DeVeux (DOB 05/03/1991). During the night that Eric left, there were times when she couldn't account for Caleb's whereabouts and he could have easily stolen the Glock. Preety knew that Eric had told other people about the Glock but didn't specifically know if Caleb had been told about it or if he knew the whereabouts of the weapon.

I spoke with Denice Pracht, Eric's mother, who resides at 11621 Kendall St. Denice stated that Randy was gone to work for the evening and wouldn't be back until about 0800 the next morning. Randy had relocked the safe and Denice did not know how to open it.

I entered the Glock [REDACTED] as lost on TTY R1603421. I listed Eric as the owner of the weapon and indicated he was currently missing. Under the notes section I put in Denice's name and phone number as contact information if located. Sergeant Muller was notified of the situation and he in turn notified Investigations.

On 081016, I was contacted by Harris Neil with the Denver Coroner's Office regarding a body they had located at in Sand Creek, which is in the area of I-70 and Quebec. Harris explained the body was dumped in a clandestine grave and was very decomposed. He was calling to inquire if this body may be that of Eric Pracht. Harris said this body was found on Monday, August 8th, but due to it being buried and severly decomposed, they didnt exhume it until 080916. He explained the most intact area of the body was the back, but most of it was skeletonized. The body was believed to be that of a male, who was wearing cargo shorts (size 38) with a belt, white Hanes brief underwear (size Medium) and black boots. There was no shirt located with the body. He stated the Detective assigned the case was Det Mike Martinez with Denver Police.

I contacted Det Martinez who explained he would take a closer look at the autopsy photos and get back to me the next day on the brand of the clothing. I asked Det Feik to reach out to Preety to see if any of this clothing or sizes were consistent with Eric. She advised his shorts were not a size 38 and he did not own brief style underwear. Preety again went over Eric's tattoos with us and advised he has a large crown tattoo across his shoulder blades.

Det Martinez came to LPD on 081116 to meet and discuss the case. He provided Det Marquez with photographs from the scene as well as the autopsy. Det Martinez indicated the deceased male's back and part of his neck was pretty preserved and they saw no tattoo at all in this area. We discussed that the deceased male has had bridgework done on his teeth and we agreed to follow up on dental records to confirm whether or not this was Eric.

Det Marquez obtained dental records from Eric Pracht's orthodontist- see his report for further.

On 081616, I obtained the aforementioned dental records from Det Marquez's locked desk drawer. I drove to the Denver Coroner's Office at DGH and met with Chip Whitley. I provided him with these records on 081616 at approx 1130 hrs. He later returned them to Det Marquez on another date.

On July 25th, I was checking reports on a Monday morning and noted a missing persons report with suspicious circumstances. I noted the missing person, Eric Pracht, had left his residence in the middle of the night to take a walk and had not returned when the report was made the next afternoon. He was not wearing shoes and had not left in a vehicle, which caused concern. I notified Commander Mark Dewhurst of the situation and assigned the case to Det Tim Marquez. We conferred with the patrol division chief and it was determined Major Crimes would lead any search effort.

We were aware a search party had already formed and were standing by, awaiting our instructions. We set up the command post at the Concordia Lutheran Church at 13371 W Alameda Pkwy. I contacted Elbert County asking them to assist with a bloodhound but they were unable to respond. I then contacted the Jefferson County Sheriff's Office for their bloodhound. Deputy Kelly Fosler responded for this purpose.

I contacted Alpine Search and Rescue for assistance and several members from Alpine arrived to assist. They were tasked with searching the more technical terrain in the ravines around 1655 S Cole St, which is the last place Eric was seen. I asked for maps from Lakewood IT and we began working on phone records to try to determine where he went. I also contacted Colorado Forensic Canine to request cadaver dogs and tracking dogs. Sgt Scott Tripp began working on getting a helicopter to check the area and asking Golden PD to come out with their drone. This never panned out as Golden PD was unable to use their drone at the time. Eventually a private company came with two drones and worked with Det Simpson and Det Marion to search a large area of Green Mountain.

Detectives Amanda Jackson, Ray Marion, Jen Maas, Sonja Gist, Lauren Johnson, Darren Maurer, Danny Simpson, Hector Valenzuela and Tim Marquez responded to the command post.

Tony Trumbly with Alpine Search and Rescue was our point of contact for their team. Alpine's first team searched from Jewell Ave and the west end of Ravine Park to Yale St. Their second team searched along the ravine from S Beech St to Jewell Ave.

Misty Keyoth with Colorado Forensic Canines organized numerous searches with dogs in the area.

I instructed Dets Maas, Gist, Johnson and Jackson to conduct a thorough canvass of 1655 S Cole St and the entire condo complex. Det Marquez took a team of people to Coyote Gulch Park and searched it.

Search efforts continued- see the map and marked search areas for all areas searched. Dets took teams of people (volunteers) to search marked zones on a map. Efforts continued until about 2230 hours and were called off until the next day.

On July 26th, we reconvened at Green Mountain Rec Center as our Command Post. We met there at 0800 hrs and briefed police personnel. Volunteers and family arrived around 0830 hrs.

Police personnel included:

Dets Valenzuela, Marquez, Maurer, Jackson, Coon, Gist, Johnson, Maas, Marion, Collins, Simpson, Geiger, Peters, Hunt, Lopez and Collis. Det Sergeant Scott Tripp, Sergeant Louis Tomasetti and I ran the incident, with Sgt Tomasetti as Incident Commander. Sgt Tripp was in charge of the search and I was in charge of Operations as a whole.

We searched again all day, following our zones and creating search teams with detectives as team leaders of these teams. The temperature was mid 90's, so teams needed frequent breaks. Colorado Forensic Canine also responded to assist. We requested assistance from Scott Eicher, who is an analyst with the FBI and an expert in cell phone technology. He analyzed Eric's phone coordinates along with Det Bryan Feik and determined key search areas. We then crafted our searches around the information they provided.

Nothing was located of interest during these two days of searching. We called off the law enforcement led search after Tuesday, but told the family they could continue with their efforts if they liked. They decided to continue efforts. We provided guidance to the family as far as future areas to search based on information from the canines and cell phone. We kept in frequent contact with the family as they searched but we focused our efforts on the investigation.

Over the course of the next couple weeks, we did a video surveillance canvass, walked the area and spoke with local businesses trying to find a lead on Eric's whereabouts. We looked at calls for service in the area, interviewed numerous parties involved in the night in question as well as just involved in Eric's life. We contacted hospitals and detox centers to see if they had an unidentified male, which was fruitless. We checked with taxi companies and Uber/Lyft to see if they had any requests matching Eric. We checked with lightrail and RTD to see if they could find him. We put out press releases and issued Facebook and Twitter posts asking for information on Eric's disappearance. We took several leads, none of which led to any significant information.

Observation/Investigation:

On 07/25/2016, I was assigned as the on-call detective for the Major Crimes Unit. I began my shift at 0900 hours and spoke briefly with Sergeant Wagner about this case. I was previously aware of the case over the weekend because I was assigned as the on-call Public Information Officer for the Lakewood Police Department and was notified by patrol of the case. I was aware that Eric Pracht went missing in the early hours on 07/23/2016 and that a report was not filed until later that date by the family. Upon review of the report, there was no evidence of a crime in regards to the disappearance of Eric. However, it was out of character for Eric and a great concern to the family. I was then assigned the case for follow up investigation.

After reviewing the report I ran a query [REDACTED] to see if Eric had been contacted by Law Enforcement after a report was taken. I observed that he was ran by Officer Andrew Fitch of the Broomfield Police Department on 07/25/2016 at 0804 hours. At approximately 1005 hours, I called the dispatch center for Broomfield and was then forwarded to Officer Fitch. I informed him that I was investigating a missing person and that I observed that he had ran him [REDACTED]. At this time, Officer Fitch informed me that he was a relative of Eric Pracht and that he had ran him to confirm that he was on the system as a missing person. I then asked him what he know about the incident. Andrew informed me that he was not present at the house, but stated that it is not like Eric at all to have not returned home. Andrew stated that he is helping the family with search efforts. Andrew told me that Eric does own guns, but that according to Eric's Fiance, the guns are locked up in the safe at their home. Andrew stated that he did not think that Eric was suicidal, but being in law enforcement, he added that anything is possible and that it is hard to determine how someone will behave when they are intoxicated and depressed.

Andrew told me that if Eric was suicidal, he could have committed suicide with a belt that he had on. Based off of my training and experience as a detective, it would be possible to commit suicide with a belt. Andrew told me that he walked the area around Eric and Preety's home and did not observe anything suspicious. He stated that Preety was able to obtain call records for Eric because they share the account. I asked Andrew about a Facebook page for Eric. He told me that Eric does have a Facebook page and the picture is of him feeding a giraffe. I viewed Eric's Facebook page as we spoke and did not see any recent activity, specifically to see if he had checked in anywhere. Andrew then spoke about a friend of Eric's named Caleb. He reported that Caleb a a strange male. Andrew stated that according to the information that he knows, Caleb went out to look for Eric on the night in question.

Andrew continued and informed me that he was able to locate an IPA beer can that Eric had been drinking when he left on foot. It was in the trash can where Preety stated that he threw it away. Andrew did not have any further information and told me that he was approved for time off to assist with search efforts. After speaking with Andrew, I called Preety and spoke with her briefly in the phone. She told me that she was at Green Mountain Hayden Park trailhead with several family members and friends. She reported that they were searching the area for Eric. Sergeant Wagner then forwarded me some contact information for Kim Sadar with the Colorado Forensic Canine Unit. I was able to also speak to Misty Keyoth of the same organization. Misty was in the Lakewood area and offering her services for the search efforts of Eric. I informed her that I would be meeting the family at Green Mountain. Misty agreed to meet me there as well and stated that she would need to interview Preety further. I then drove to meet her at the trailhead. Upon arrival, I observed that the media, specifically channel 4, was on scene. I was met by a reporter as soon as I stepped out of my vehicle. I informed the reporter that there was no new information and that the family was organizing further search efforts from the weekend.

I then went and spoke to Preety who was with Eric's mother Denice Pracht. Preety told me that they were ready to search the area. I then spoke to Misty who arrived at the same time that I arrived. She told me that due to the heat, she would not be able to deploy her canine until the evening when the temperature dropped. She told me that she had another canine handler on the way as well. I was then contacted by Rachael Nelson who was present for the search efforts. She stated that she was a member of the Colorado Fallen Firefighters Response Team and offered her horses for the search efforts. There were several people in the lot ready to search. Based off of the number of people and resources available, I called Sergeant Wagner and informed her that we would need to set up a command post and organize the search efforts. Sergeant Wagner then met with our command staff in Investigations and Patrol and it was determined that our unit would be in charge of the search efforts. I instructed the family not to search until we had an incident command station set up. I informed them that the search efforts would need to be organized and documented appropriately so that we were not working double. In addition, they would need to be done safely and require our involvement and resources.

I then returned to the Lakewood Police Department and we were able to obtain a command post at Concordia Lutheran Church located at

13371 W Alameda Pkwy. Our Unit then took lead on the investigation and search efforts. Detective Feik was able to obtain some cell phone information through exigent circumstances. He was able to provide some information from the cell tower records in order to assist in our search efforts. We all then responded to the command post and assignments were then provided by Sergeant Tripp, Sergeant Wagner, and Commander Dewhurst. I reported to Sergeant Tripp who told me that take a group of searchers to Coyote Gulch Park. I was informed that Detective Valenzuela was organizing and grouping the searchers. I drove to Green Mountain Hayden Park and met with Detective Valenzuela. He had the searchers organized and I took group one to Hayden park where we performed a thorough grid search. No items of evidentiary value were located. We then returned to the command post after being out for several hours.

I then sat down with Preety and spoke to her further to gather some more information about Eric and the incident. In the initial analysis of the cell tower data, Detective Feik found that Eric's cell phone hit off of a tower in the area of S Kipling Street and W Quincy Ave. I asked Preety if they had any family or friends in that area and she stated that all of their connections are in Lakewood or up north. Preety thought about that and stated that they have driven by Clement Park before and talked about walking it, but never did. I then spoke to Preety about Eric's employment. She told me that he works full time for South Park Fire as a paramedic. In addition he works part time for Mountain States Ambulance and was getting ready to quit. In addition, Eric teaches at the paramedic academy for St. Anthony's Hospital. Preety then told me that Eric does have guns and they do go shooting in the mountains some times. Preety stated that she was certain that all the guns were locked in the safe at home, but she could not remember the combination.

I then asked Preety to tell me about her relationship with Eric. She told me that they met in EMT school at Lutheran Medical Center in 2010. In June of 2013, Preety reached out to Eric through Facebook in search for a job. They then met for coffee and started dating. Preety stated that there were some "hiccups" in the beginning of the relationship. She explained that Eric was a "buddies guy" at first, but that as the got more serious, things improved and Eric spent more time with her. Preety and Eric purchased their condominium together and moved in February 6, 2016. Eric then proposed to her in March. They were working to save money for their wedding.

I spoke with Preety about any alcohol or drug use by Eric and she told me that he drinks alcohol, but does not do any drugs. When asked how much Eric drinks, Preety stated that when he drinks, he drinks a lot and has been "fall down" drunk on occasion. Preety stated that approximately three weeks ago she and Eric were at a restaurant and Eric got so drunk that he vomited and was stumbling on his feet. I asked her to describe Eric's behavior when he is drunk and she told me that he is talkative when he is drunk. She stated that Eric bottles his emotions, but when he is intoxicated he opens up and shares his feelings. Preety feels that Eric self-medicates with alcohol. His drinking was concerning enough that Preety encouraged him to enter rehab. Eric was not open to that and Preety stated that he seemed to be better once they moved in together.

I then asked Preety about any recent incidents in Eric's life that would have upset him. She told me that on or about June 14th a 12 year old male hung himself and Eric responded to the call for life-saving efforts. The male did not survive and this was very upsetting to Eric. In addition, Preety reported that Eric had another bad call recently and he was having a hard time coping with this call as well. Preety stated that Eric seemed upset about something about a week prior to this incident. She inquired about it and Eric would not talk about it. I asked Preety if Eric's drinking effected his work. She told me that Eric might have one beer with dinner the night before be works, but otherwise does not drink. I asked Preety about Eric's friends. She told me that Eric hangs out with his brother, co-workers, and an ex-roommate. She spoke about his friend Caleb. Caleb is a former co-worker and she described Caleb as being annoying.

Preety and I then spoke further about Eric. I asked her if Eric has ever made threats of suicide or attempted suicide in the past. Preety thought back and stated that approximately one year ago, she and Eric were in an argument on the phone and he told her that he needed to take a breather and told her that he would call her back in the morning. Preety stated that he never threatened suicide and he called her in the morning and everything was resolved. Preety then spoke about a friend of Eric's who committed suicide Labor Day weekend of last year. Eric was upset and cried over that, but never expresses being suicidal himself.

I then asked Preety to tell me about Eric's hobbies. She told me that Eric enjoys video games, shooting, and working out at the gym. She described him as a gamer and stated that he has a room set up in their home for his video games. I asked Preety about anything else recently that may have upset Eric. She told me that on 07/22/2016 Eric received a call from his boss who was upset that he and his partner took a late call at the end of their shift. Preety explained that they were working at Mountain States Ambulance when Eric and his partner came across a traffic accident while driving in to end their shift. They stopped to assist and transported a patient to Denver Medical Center. Eric was upset that he was in trouble by his boss over providing treatment. This is the company that Eric was preparing to leave and had a resignation letter prepared. Preety stated that Eric wanted to tell his boss that he was quitting, but remembered that he has some of his belongings in his locker and did not want his boss to empty his locker. Therefore, he opted not to quit over the phone and would drive in a do that the following day.

I then asked Preety to tell me about their party. She told me that they had some friends over. Part of the reason for the party was to introduce her sister Priyanka to Caleb. Preety stated that several people left the party and it was just Priyanka, Caleb, Eric, and herself. Preety stated that they engaged in a Black Lives Matter conversation and Eric was pretty upset over the issue. Preety stated that Eric believed that he could be targeted and hated because he wears a uniform. Preety stated that a racist comment was made and Eric seemed to agree with that. The comment was made by Caleb according to Preety. Preety stated that she then made some regretful comments to Eric and suggested that

they not marry if Eric was a racist. Eric had been drinking at this point and wanted to go outside to cool off. Preety wanted to walk with him to reconcile things. Eric did not want her to go with him. However, she gathered the trash and walked with him to the trash can. Eric was upset and wanted to be by himself. She stated that she just wanted to tell Caleb and Priyanka to leave so that she and Eric could be alone and spend time together. Eric still had a beer in his hand and she convinced him to throw it away so that he was not walking around with an opened alcohol container.

Eric then left on foot with no shoes. She stated that she waited for Eric to return and after some time they all went out to look for him with no results. Preety stated that she had concerns that Caleb was supposed to be there for the day to search for Eric, but he did not show or call. However, she stated that Caleb was just hired on with Denver Paramedics and is currently in their abbreviated academy. Preety did not have any further information to add. At this time during the search, we located a black sock along a trail on Green Mountain. It was described as being a "no show" style sock. Preety reported that she was in the search group that found that sock. She stated that Eric does wear that style of sock. She agreed to meet with Detective Feik and I at her apartment to walk through the apartment and look at his socks. In addition, the Colorado Forensic Canine handlers needed to get a scent sample for their dogs.

We arrived at Eric and Preety's residence. I did not observe anything suspicious. We viewed Eric's work bag and gear and found similar socks to the one that was located. However, the sock that was found appeared to be very weathered and seemed to have been out on the trail longer than two days. Once we were done at Preety and Eric's home, we returned back to the command post. We were starting to lose daylight, but were able to complete a search of Green Mountain with a drone. We then debriefed Eric's family on the total search efforts for the day and concluded at approximately 2300 hours.

Further Investigation:

On 07/26/2016 the investigation continued. 07/25/2016 was dedicated to search efforts for Eric. On this date Detective Feik and I focused on the investigation while Sergeant Wagner and Commander Dewhurst continued to coordinate and operate the search efforts. The command post was not stationed at the Green Mountain Recreation Center. On this morning, Detective Feik continued to examine the cell phone data with the assistance of Special Agent Scott Eicher of the Federal Bureau of Investigations.

I called Preety to arrange for her to come to the Lakewood Police Department for a follow up interview. She was on a search at that time and had to arrange for a ride to get to the Lakewood Police Department. Preety arrived at the Lakewood Police Department and we began the interview around 1005 hours. Preety stated on the phone that she also had some new information about Caleb that she wanted to share. We sat down for an audio and video recorded interview. I asked her to tell me about the party that they had on the night Eric left.

- plans for the party were mainly to hook up Caleb and her sister Priyanka
- Priyanka first met Caleb at a house warming party and wanted to be introduce
- Caleb has also expressed interest Priyanka
- Preety warned Priyanka that Caleb was annoying
- Preety wanted to just have a party to make the encounter casual and the party was last minute and several people declined
- Party was supposed to start at 1930, but they were waiting for Eric to get home
- Nicole, Karina, Caleb, Thea, Ryan, Preety, Priyanka, Eric
- Party started out on a good note
- drink beer and shots and eating
- talking about work
- Ryan was falling asleep on the couch
- Thea an Ryan left first around 2200-2300 hours
- Priyanka and Preety got into a private argument because Priyanka felt like Preety was not a good hostess to her friends
- Priyanka wanted to leave after argument, but Caleb talked her into staying
- Priyanka and Preety argued again for the second part of the argument in front of Caleb and Eric
- Priyanka was intoxicated and started talking about random things (no one else at party at this point)
- Priyanka brought up BLM
- Caleb started going off and being racist according to Preety
- Argument got heated
- Eric became upset and felt that Preety was not taking his side on the matter
- Eric was already made after talking to his partner around 2100 hours about the boss being upset about the late call
- Preety felt that Caleb instigated the argument too
- Preety then made a comment to Eric about not wanting to marry him if he was racist
- Preety stated that she started cleaning up the house and Eric helped her
- They went to the trash to throw it away
- When down there Preety and Eric started talking and stating that Eric was letting Caleb and Priyanka start a fight between them
- Preety wanted Priyanka and Caleb to leave but Eric was still upset and still arguing
- Eric stated that he wanted to go for a walk and cool off
- Eric was upset and felt that BLM was out to kill him and anyone wearing a blue uniform
- Eric raised his voice and Preety told him to lower his voice
- Eric was crying and he gets emotional when he is drunk
- He had a beer in his hand and wanted to walk
- Preety go him to throw the beer away
- Eric walked off and Preety went back into her apartment
- Preety and Priyanka argued again
- Caleb left without saying good bye as they were arguing
- Priyanka left and Preety sat down to have a beer and wait for Eric
- Priyanka returned because she forgot her cell phone

Supplemental Notes

- Caleb came back to the apartment and said that he drove around
- She and Caleb then walked down to the businesses looking for Eric
- They returned to her balcony and waited for another 30 minutes for Eric to return
- Caleb then left
- The following morning Preety spoke to Caleb again and another friend about Eric not being home yet
- She did not want to panic his parents and chose not to tell them
- Preety thought that Eric was just somewhere "sleeping it off"
- Preety finally told the family and a police report was made
- Caleb took it upon himself to make phone calls to friends and co-workers to assist with searching
- The media was notified by Caleb as well
- The family was upset that the media was notified of the incident
- They did not want Caleb talking to the press or the police on behalf of the family

The remainder of the conversation revolved around Caleb. Preety was upset with him about the way he was distributing information and interacting with the family on the initial days of the search. She felt that it was odd that Caleb was not helping with the search any longer. She did explain that he is currently attending the paramedics academy for Denver Paramedics. We concluded the interview around 1140 hours and Preety went back to assisting with the search.

After speaking with Preety we responded to the command post at Green Mountain Rec Center to check in. We spoke with Special Agent Eicher who was still working with cell phone data to assist with the search efforts. Detective Feik and I then responded to the Denver Health Center to interview Caleb. Upon arrival we spoke to the director of the Academy and informed him that we needed to interview Caleb. Caleb was in a class and we had to wait until approximately 1530 hours for him to be excused. We sat down in an unoccupied classroom at their facility.

Caleb provided me with all of his identifying information and address. We then spoke about Eric. I asked him to tell me about his friendship with Eric. Caleb stated that they met in 2012. They gradually became friends and that eventually worked together as partners on an ambulance. I then asked Caleb to talk to me about the night that Eric went missing. Caleb reported that he went to his home to celebrate him leaving Mountain States Ambulance and getting a full time assignment at another ambulance company. Caleb reported that he arrived at Eric's house and there were several other people there. He and Preety's sister were talking to each other throughout that time. Caleb reported that he and Preety are more like acquaintances rather than friends.

According to Caleb, Eric was drinking heavily that night and consumed 6 heavy beers and shots of vodka. He stated that Eric has a low tolerance for alcohol. Caleb stated that several people left the party and it was just Eric, Preety, Priyanka, and himself. He reported that there was a discussion about the Black Live Matter movement and Eric was really upset about the matter. He stated that Eric was upset and felt that Preety was not in agreement with him about the issue. Caleb reported that things were never heated but that it was a strong discussion. Caleb reported that after the argument, Eric left the apartment with Preety to throw the trash.

Preety then came back to tell them that Eric left and was upset. Caleb stated that they waited for some time and then he decided to go out and search for Eric. He reported that during a portion of that time he and Preety walked around together. He also drove the area in his vehicle. He did not locate Eric at all. Caleb stated that he called him but Eric did not answer. Caleb then went home for the night. Caleb stated that he then assisted with search efforts, but needed to attend his academy sessions during the week.

Caleb reported that he was trying to be as helpful as possible to the family. I then spoke to him about Eric and his drinking. Caleb reported that when Eric is intoxicated he tells everyone that he loves them. I asked him about a time that they were at the bar and he kissed Eric. Caleb described it as a joke and stated that after that people continued to make a joke of it every time they saw him. I then asked him about a time when he was protective of Eric with another female. Caleb explained that a female was trying to get free drinks out of Eric one time at a bar. He was just looking out for Eric and he intervened.

I then asked Caleb about him searching north Lakewood for Eric. He told me that he searched the main streets of Lakewood in hopes of seeing Eric wandering around. He described driving all over on Kipling Street, Wadsworth Blvd, W Alameda Pkwy, W Colfax Ave, and Sheridan Blvd. This was during the time of the major search efforts. Caleb expressed that he felt there were plenty of resources in the search for him to drive around in the hopes of finding Eric. I then spoke to Caleb about any firearms that Eric owned. Caleb reported that to his knowledge, the weapons were locked up in a safe inside of his home. He did not have any further information to add. Caleb's demeanor was appropriate for the situation and he was cooperative and helpful through the process.

We concluded our interview with Caleb and then returned to the command post. Upon returning there was further discussion in regards to working with the cell phone data. We concluded for the evening and returned to work on 07/27/2016 at 1000 hours. On this date we concluded with assisting with the search efforts, but continued to follow up with our investigation.

REPORTING OFFICER: (1893) MARQUEZ, TIMOTHY

On 08/10/2016 I was advised of a death investigation in Denver of a male who was not identifiable due to decomposition. On 08/11/2016 at approximately 1030 hours Denver Homicide Detectives Jaime Castro and Mike Martinez met with me at the Lakewood Police Department to share information about their deceased male. There was some preliminary dental information that indicated that the male was not Eric. That was later confirmed with dental records that I obtained from Eric's orthodontist in Broomfield, CO.

On 08/11/2016 I went back to the complex and checked the local businesses for video surveillance. There is a neighbor at unit B-5 that has a camera and sign indicating that the device was recording. I later spoke to the home owner Karen Garcia (01/21/1960) who told me that the camera is not recording. She stated that the camera was unplugged approximately four to six weeks prior. She stated that there is a TV monitor in the bedroom. Karen stated that camera system came with the home that she bought in March of 2015. Karen did not have any information about Eric.

On this same date, I drove to Broomfield to pick up the dental records from Dr. Biety at 925 Main Street. In addition, I met with Preety at her home this evening. She was meeting with Misty with the Canine Forensics who were discussing their search efforts and recommending that they start back at the home and work their way out again. While at the home I collected Eric's toothbrush that Preety placed in a ziploc bag for me. This concluded my investigation on this date.

REPORTING OFFICER: (2018) VALENZUELA, HECTOR

On 07/25/2016 I was called out to assist with the search of a missing adult, identified as Eric Pracht (06/14/91). Eric was reportedly last seen early Saturday morning (07/23/16) in the parking lot of his apartment complex, located at 1655 S. Cole St. B-7. Eric was reported missing under suspicious circumstances.

I responded to the command post which was located at Concordia Lutheran Church, 13371 W. Alameda Pkwy. I was then tasked with coordinating with the volunteers who were waiting at the trailhead for instructions on what areas to search. I then went to the trail head for the Hayden Green Mountain Trail located at 1000 S Rooney Rd. Lakewood, CO 80228 where I divided the volunteers into separate teams. He volunteers were divided into four teams. Team 1 and two were assigned to Detective Marquez who then coordinated a search of Gulch Park.

I then coordinated with the remaining volunteers. Using a grid search pattern we searched the north area of the trail head. During the search, a black sock was located near trees by the northern most path of the trail. It was collected and later booked. The sock was black on one side but the other side was bleached due to being in the sun for a substantial amount of time. Family thought it was possible that the sock matched the one Eric might have been wearing but were not completely sure.

As the sun was setting, the area around the fence to the east of the trail was searched with nothing found. Due to lighting conditions, the volunteer search was ended, to resume the next day.

On 07/26/2016, I responded to the command post located at the Green Mountain Recreation center. While there I had the volunteers that were arriving, sing up on a list. I then provided the list to Fred Peters who was overseeing the volunteer deployments. I then assisted with search area designations, and scribing.

While at the command center, I interviewed Priyanka Lal (10/01/1990). Priyanka is Preety's sister. I began by asking Priyanka how well she knew Eric. Priyanka stated that she had gotten to know Eric from several day trips they had taken, along with Preety. Priyanka stated that they also regularly had movie nights, game nights, and a Memorial Day trip. She said that she did not know much about his work life. Priyanka stated that she had completed a school project in which she had interviewed Eric and followed him at work. She said that the project included talking to Eric about the hardest calls, easiest calls, and the about the district which he covered. Priyanka added that besides that Eric did not speak about his work life with her. Priyanka stated that most of the conversations she had with Eric were about television or comic books since they were both avid comic book fans.

Priyanka was asked if she had ever seen Eric upset or having problems and she said she could not recall anything, other than one time when he had been intoxicated and started talking to a stranger about what was going on. She said they had been drink during the Memorial Day trip and that she and Eric were in a hot tub with a stranger. Priyanka stated that Eric had told the stranger about his cousin Drew, and how he felt Drew was not emotionally available to him anymore. Priyanka stated that Eric also talked about having responded to an ATV accident where the person he had tried to save had died. Priyanka stated that Eric also talked about one of his close friends going out into the mountains and about how that friend had committed suicide by shooting himself in the head. Priyanka stated that the hot tub was the only time she ever heard Eric talk about the issues he was dealing with.

Priyanka was asked about any other issues or conflicts that she knew about and she stated that the only other issue that she was aware of was that Eric's old roommate Sam had pulled out from the apartment. Priyanka stated that Sam and his girlfriend had meet through Eric and Preety, but that Sam's new girlfriend felt that Preety did not include her in the activities and as a result Sam ended up leaving the apartment.

Priyanka was asked what she and Eric mainly talked about and she said that they were both comic book fans and so they exchanged comics and talked about the Batman and Spawn comics. She stated that Eric, her little brother, Kelvin, and she were also movie buddies. She said they would gather and watch movies together.

I then asked Priyanka when the last time she had seen Eric was. She stated that he last time she had seen Eric was on Friday (July 22nd 2016) when she had been at a party at Preety and Eric's home. Priyanka stated that she had been invited to the party since they were going to be watching the Batman VS Superman movie. Priyanka stated that she had been approached about the party because she liked Eric's friend Caleb. Priyanka stated that Eric was hesitant to get her and Caleb together because he was afraid that the relationship would end badly and since Caleb was his best friend he did not want to lose his friendship, if Priyanka and Caleb's relationship did not work out. Priyanka stated that they decided to go through with the party they almost canceled it because not enough people were going to come over. However, they

all then decided to just have a small group of friend come over instead.

Priyanka stated that on the day of the party, Preety and she had gone to the Cirque De Solei at about 3 p.m. Priyanka said that she separated from Preety until about 7p.m when she went to Preety's house. Priyanka said that the party did not begin until 8 p.m. Priyanka stated several friends came over and that Eric did not arrive until about 8 p.m. because he got held up with an accident on his way to get off work. Priyanka stated that if it were not for the accident Eric was to have arrived at about 7:30 p.m. Priyanka stated that everyone was in good spirits up until about 9:30 p.m. when Eric got a phone call from his coworker who told him that they were going to get in trouble for stopping and helping at the accident he had come across on his way to the station. After the call, Eric was told to try and calm down since he was going to be quitting that job anyway.

Priyanka stated that prior to the call Eric had been in good spirits. She stated she was not sure how much he had to drink because she had also been drinking. She said she did remember that Eric had a cannon ball shot, which was a drink containing a shot of rum. Priyanka stated he also had several beers.

Priyanka stated that during that time, Preety had been hanging out with her friends Ryan and Thea. Priyanka stated that Eric then went to the game room after he had received the phone call. She said Eric was in the game room with Ryan, who was one of Preety's friend. Priyanka said that Eric did not know Ryan and there was not very much interaction between the two. Priyanka stated that at about 10 p.m. Ryan and Thea left.

Priyanka stated that that on Ryan and Thea leave, Preety goes to hang out with Eric in the kitchen. Priyanka stated that while Eric, Preety, Caleb and she are hanging out, Priyanka brought up a story about the Black Lives Matter political group. Priyanka stated that Eric felt that he was being targeted by BLM since he was a paramedic and the BLM group had issued statements about hurting anyone in a blue uniform. Priyanka stated that Eric stated that if they were going to try and kill him then he would not respond to calls involving black people. Priyanka stated that Preety got upset about that comment and told Eric that not all black people are bad, and that his statements were racist. Priyanka stated she was not concerned about the argument since they had similar arguments in the past.

Priyanka explained that most of the times, the arguments that Eric and Preety had were because Preety was high maintenance and so she expected Eric to read her mind and do as she wanted. Priyanka stated that the only big fight she had witnessed was a year ago and that the most severe thing she observed was that they did not talk to each other for a few hours. Priyanka described Eric as laid back, and Preety as quick to anger but remorseful.

Priyanka stated that once Eric and Preety began arguing, she and Caleb went to the living room to watch a movie. She said she remembered that Caleb told her that both Preety and Eric were saying the same thing but in different ways. Priyanka said that she then attempted to invite Eric and Preety to come watch BadBoys, the movie they were watching. Priyanka stated they declined her invitation and about 5 minutes later, Eric and Preety began to clean the kitchen up. Priyanka stated that about 10 minutes into cleaning the kitchen Eric exited the home to go and take out the trash. Priyanka stated that about 10 minutes after Eric exited, Preety came over to her and asked her why she had brought up the BLM topic. Priyanka stated she was then going to leave because Preety was upset but that Preety did not want her to leave.

Priyanka stated that Caleb was able to slip out and that she followed him out. Priyanka stated that they figured they would go look for Eric. Priyanka said they went to the area of the gas station and liquor store but did not find Eric. Priyanka said she they looked in the business complex near the apartment but did not find Eric there either. Priyanka stated that while they were searching for Eric, Caleb kissed her and they exchanged phone numbers. She stated that they searched for about 10 minutes. Priyanka stated they then returned to the apartment and Caleb left. She stated she did not know what Caleb did after he left.

Priyanka stated that she did text Caleb that night around 1 to 2 a.m. but eventually deleted Caleb's phone number because Preety was upset with them getting together. Priyanka said she did not see Caleb until Saturday (07/23/2016).

Priyanka stated that once she left the apartment to go home, she drove the main streets in an attempt to locate Eric but was unsuccessful. Priyanka stated she drove down W. Jewell Ave, and W Utah Ave. Priyanka stated she was worried about Eric because her father regularly imbibes too much alcohol and makes bad choices. After searching for a while, Priyanka stated that she thought Eric must have gone over to stay at a friend's house.

On 07/23/2016 she received a text from Preety letting her know that Eric was not yet back. She said that the text was received after she had lunch with a friend. Priyanka stated that at about 5:30 p.m. she was told that Eric still had not come back and that Preety was quite worried. Priyanka stated that after she learned that Eric was missing, her little brother and she began to walk the area in search of Eric.

Priyanka stated that at about 6:30 p.m. to 7 p.m. they all got together and filed a report with the police. She said they called the detox centers, but they were told that the Detox centers could not release client information. Priyanka stated that later that same night they learned that Eric had made a call at about 5 a.m. She stated that they all thought that he had possibly called a friend to come pick him up and take him to

detox. Priyanka stated that she was confused by the fact that Eric had not called the police.

Priyanka stated that they had checked the new construction area but did not check in debt since Caleb had stated that Eric had very soft feet and would not have walked on the gravel. Priyanka also stated that Preety had checked Eric's account on his phone since they shared the line. She said that the time line on the account showed that the data on the phone had been shut off on the 19th. Priyanka stated they attempted to install an application on the phone remotely to locate it but that the phone required an internet connection so their attempt was unsuccessful.

Priyanka stated that on Sunday the police were called again and they were told that there was not probable cause sufficient enough to issue an amber alert. Priyanka stated they continued searching.

Priyanka reiterated that Eric got emotional when he was drunk, and that they had called the hospitals to check to see if Eric was there but was told he was not. She stated that at the time, on Friday, she did not realize how passionate Eric was about the BLM and she felt guilty that she had been the one to bring up BLM. Priyanka also stated that to the best of her knowledge she did not know that Eric usually walked to cool his head. She did not remember the discussion as being heated but reiterated that she had left to the living room to watch the movie.

I advised the command center of what I had learned from my interview.

See my other report for the further information regarding other follow up activities.

On 07/27/2016 I queried Eric to see if anyone had ran him, and the last person to run him was a detective working the case.

I then contact the LPD Crime analysts and they assisted me in looking at the call for service in the area during the time Eric went missing. There were three call during that time period. One was for several people drinking by the pool at 1653 S Cole St. The second was a suspicious vehicle, but no contact was made. The third call was regarding the same vehicle and the driver was contacted. He was sleeping in his van and left the area after police contact. Driver was Aleh Khrutski (09/08/81) and the vehicle was parked at the Green Mountain recreation center.

I then contacted Arapahoe house to see if Eric was there. I was told they could not release information on their clients. I Emailed a Flyer to them and they later called and said he was not there and that they could tell me so because Eric was not there.

I attempted to contact the Denver Detox center and all numbers listed to them sent me to an answering service located in Florida. I also contacted St. Anthony's hospital, Lutheran medical center, and Swedish hospital. They all told me that Eric was not there but they were emailed the flyer and they said they would post it.

On 08/17/2016 I called Sandra the communications manager for Metro Cab at 9:10 a.m. but did not get any answer. I left a voicemail.

I then called Yisekak 9:12 a.m. and got no answer. I left a voicemail. At about 11:52 a.m. I drove to Yisekak's home located at 8680 E Alameda Ave. and knocked at his door. There was no answer. I left my business card and a message asking him to call me.

On 08/18/2016 I called Sandra again, but did not get an answer. A voicemail was left.

On 08/23/2016 I was able to contact Stephanie who is Sandra's co-manager. Stephanie asked I email a request for the information to her email. She gave her email as stephaniedispatch@gmail.com. I emailed her at 3:47 p.m. At 3:49 p.m. I called Yisekak. He did not answer and I left a voice message.

On 08/30/2016 I called Stephanie back but got no answer.

As of 09/15/2016, I have yet to receive any response or records from either Metro cab or Yisekak.

On 100916 at approximately 2020 hours I was working the front desk when I received a walk in report in reference to follow up from this case.

Reporting party Cynthia Lynne Biggs (111555) immediately started to cry and said she had information about Eric Pracht. Cynthia was having a difficult time speaking because she kept breaking down crying as she spoke. She explained that she is friends with Eric's grandfather and had never actually met Eric.

Recently she saw a flyer with Eric's picture on it and ever since she has been having "premonitions and visions" that Eric is face up in a body of water. Tonight the premonitions became so powerful and controlling that she left church and went searching for Eric because she believed he was in Clear Creek. She told herself that she was only going to look for twenty minutes and then stop searching.

At the twenty minute mark she ended up at Johnson trailhead which is on Clear Creek trail near Wadsworth and I70 on 49th. She said that her maiden name is Johnson and believed this was a sign. She entered the area and got out of her vehicle, saw a body of water, and heard "He's in there." She began "trembling all over" and was too scared to go near the water because it was dark out so she left. She believes that Eric is in the water there as she has never experienced visions in the past.

Nothing further at this time.

Further Investigation:

Several tips have been received in this investigation. The following documents my follow up investigation into one of those tips.

I spoke with Tina Manzanares who called in a tip on 08/03/2016. I received the same information about her tip by Sergeant Hoover on 08/10/2016. Tina stated the following:

Tina works at Dave's Chuck Wagon Restaurant. She works at both locations, that being W Colfax Ave in Lakewood and Kipling St and W 26th Ave. Tina reported that she saw the missing persons flyer at the W 26th Ave location and mentioned to the owner Tammy that it was a regular customer who is known to go into the restaurant on a regular basis. She stated that she did not know Eric by name. Tina reported that he is usually in the restaurant with his mother, father, and brothers. Tina also believes that there is a big burly male named Rick who she thinks is the mothers current husband. According to Tina, the boys, including Eric, do not get along with Rick. Tina reported that they were all in the restaurant three days prior to his disappearance and Eric seemed upset. Tina stated that she even asked Eric if he was okay. Tina did not have any information to add.

On 09/13/2016 I spoke to Randy and Denice about this information. Randy and Denice told me that they do not go to Dave's Chuck Wagon on a regular basis. They know of the restaurant and have been to the one on W 26th Ave a long time ago. In speaking with Randy, it did not appear that Tina's information was accurate. However, in following up with leads, I called Tina again on 10/22/2016 around 1830 hours. Tina was at home. She was able to provide me with further information after I asked her to tell me what she knew. Tina stated that the family has a lot of problems and she sees them go to the Jefferson Center for Mental Health. Tina also added that Eric has come into the restaurant with his wife, who she initially described as a short chunky hispanic female. Tina was at home with her roommate who I could hear talking in the background, but could not make out what she was saying. Tina then told me that her roommate believes that the wife is Indian and that her name is Preety. Tina stated that according to her roommate, Preety was in the restaurant on 10/17/2016. I spoke briefly with her roommate and identified her as Jill Shockey (06/07/1972). I asked Jill how she knew the name of the wife. She told me that she looked up the information online a few days after the case televised on the news. Jill reported that Preety's name was listed on the website for missing persons. Jill did not have any other pertinent information to add and this concluded our phone call.

Many of the other tips have been placed into paperflow, but are not particularly helpful. All of them document people calling into dispatch reporting that they saw someone similar to Eric days prior to them calling to report the information. In addition, they report him to be anywhere from Red Rocks Amphitheater, Georgetown, Thornton, and Denver. No one called the police at the time of their observations. Nothing further at this time.

Follow Up:

On 01/18/2016 Denice informed me that she recently sent a message to Eric on his Snapchat account. She did not expect to hear from him but stated that it was her way to cope with the situation. However, Denice found that the message that she sent was opened. She then sent another one and found that it was also opened.

I researched Snapchat and found that it is a mobile device application to send messages and share pictures and videos. It may also be accessed through a computer or tablet device. The following information explains how Snapchat works:

A "Snap" is defined as the user taking a photograph or video with their camera phone in real-time and then sharing it with friends who also use the App. The sender or recipient may choose to save the photograph or video. The "Snaps" may be saved on the device itself or it may be saved to "Memories" which is Snapchat's cloud-storage service.

A "Story" may be added to the users Snapchat and can contain photos and videos posted for friends or the public to view for up to 24 hours. They may also be saved to the "Memories".

A "Chat" is a feature for a user to send messages, photos, videos, audio notes, and video notes to a friend with in Snapchat. A user sends the "Chat" message to a friend who may then view it. These messages may be deleted. This "Chat" function has a feature that allows the sender to view when a message has been opened by the receiver.

In this case, Denice sent Eric a message in the "Chat" feature and she received a notification that the message was opened. She has not received any messages from Eric. Because of this recent activity on Eric's social media, I met with Preety to speak to her about this. Currently, Preety is not in communication with Eric's family. I asked Preety if she was logged into Eric's Snapchat and was monitoring his social media. Preety denied being logged into his account and stated that she has also sent him messages in Snapchat with hopes that he would answer. I learned that the App does not allow you to be connected on multiple devices. Meaning, that if the user is logged in on one cell phone, they cannot be logged in simultaneously on another cell phone or tablet. The App kicks the user off of one device if it is logged in on another device. The App utilizes the cell phone number and email address to create an account. Once an account is created the user has a "username" and a "vanity name". A "username" is defined as a unique identifier associated with the user. This cannot be changed. A "vanity name" is not a unique identifier and can be set or changed by the user. Eric's "username" is [REDACTED] and his "vanity name" is [REDACTED]

In following up with this information, I spoke to Verizon wireless in an effort to obtain emergency pings on the cell phone since there was this recent Snapchat activity. Verizon informed me that the device has not been active since the summer months of 2016 and that the cell phone number is still active. I confirmed this with Preety who stated that she is still paying for the cell phone plan. Verizon told me that the number was still active for Eric and that the cell phone is also still being paid for every month. I know that many cell phone carriers no longer offer smart phones or many phones at discounted prices. They now require the device to be paid for in full up front or you may pay for it monthly with your cell phone bill. The information that Eric's actual device was not active is consistent with our investigation in which we found that it most likely died during our search efforts. Verizon explained that since Eric's cell phone number is still active and the device is still being paid for, no one would be able to activate that device under a different account or name. In addition, Eric would not be able to activate that phone number on another device since Preety still pays the bill.

On 01/31/2017 I presented a search warrant for Snapchat to Judge Thomas Vance at the Jefferson County Combined courts. Judge Vance authorized that warrant, requesting that Snapchat produce records to me for Eric's account. Shortly after this date, I received notification from Snapchat that without a "non-disclosure" order from a Judge, they are legally obligated to contact the subscriber to inform them that a legal process was served upon their account. Snapchat advised that they would allow the subscriber 7 days to contest the legal order before any further steps would be taken to produce such records. Snapchat further informed me that once the 7 day period passed, they would then take up to a month to produce Eric's records to me. Nothing further at this time.

Further Investigation:

On 01/23/2017 at approximately 0800 hours I met with Preety at the Lakewood Police Department for an interview. I spoke with Preety about the Snapchat account and she informed me that she is not logged into his snapchat and does not know his password. I informed her about the information provided to me from Denice and Preety was very clear in stating that she is not using Eric's Snapchat. She told me that she does monitor his social media and has even sent him messages in Snapchat as well, with hopes that he will respond. I then provided Preety with an update on the investigation. Specifically, I informed her about the information that was provided to me by Deb Sheppard in regards to the theory that Eric may have been hit by a truck and then thrown in the truck and driven to the foothills. I then informed her about a search of a pond area near Solterra homes. Preety informed me that Eric was a good swimmer and kayaker. I then spoke to Preety about Eric's firearms. She does not believe that Eric left the home on the night in question with a handgun. According to Preety, Eric did not drive with a gun in his car unless they were specifically driving to the mountain to shoot. I spoke to Preety about Eric's swimming abilities. She told me that he is a very strong swimmer and goes kayaking on a regular basis. She told me that there was an occasion when Eric was kayaking with his parents when he lost his kayak. He had to swim in a really strong current to get out of the river.

I then spoke to Preety about the date in question again. Preety told me that Eric arrived last at the gathering and they tried to pull a prank on him. He then went inside to change his clothes. They then drank beer and ate pizza. According to Preety, Priyanka and her friends left first and then Preety's friends Karina and Nicole left next. Priyanka wanted to leave because they got into an argument. A conversation about the Black Lives Matter movement then started and Caleb and Eric were very passionate about the argument and expressing that they also felt that paramedics were being targeted. Caleb and Priyanka went to the living room and everyone quit talking for a little bit. Eric went to the bathroom and Preety went with him to the bedroom to take off her jewelry while he was in the restroom. She then cleaned up and took the trash out. While outside Preety stated that the argument continued and she wanted everyone to leave the house so that she and Eric could be alone. I then asked Preety how intoxicated Eric was on the night in question. She reported that she did not think that he was intoxicated but was very emotional and crying as they were throwing the trash away. Preety stated that they had been quiet for a little while, but she brought the issue back up and asked Eric why he was allowing this to be an issue with them. Preety was trying to go with Eric back inside their home and tell Caleb and Priyanka to leave. Eric told Preety that he needed to be alone to think. She tried to go with him and Eric told her no. She then let him walk away. Preety stated that Eric was crying and stated that he did not feel that Preety cared about him and that she did not understand that he was in fear of his life while at work.

Preety and I then spoke about Eric's cell phone and she told me that she is still paying the bill and monthly payments for Eric's phone. The phone is still on her cell phone plan as well. Preety then spoke about several issues that she is not having with Eric's family and they are no longer speaking. She stated that she agreed to sit down with everyone and go over a timeline that night and that turned into them questioning and accusing each other of saying something to upset Eric. Preety stated that she just shut down and felt cornered. Preety stated that since then she has heard that Andrew Fitch is accusing her of doing something to Eric. She did not hear any specific information. Preety stated that she is very upset and does not even want to open Eric's mail because she is afraid she'll be accused for something. She also informed me that Denice and Randy took Eric's car back after Preety tried to change the auto insurance policy so that she could save money. Preety explained that she was being accused of stealing Eric's car. Preety told me that she did not want anything to do with it anymore and asked Randy and Denice to come and pick up Eric's car. Preety has decided to no longer keep in contact with Eric's Family. I concluded my contact with Preety on this date.

Further Investigation:

On 03/20/2017 at approximately 0800 Priyanka arrived voluntarily at the Lakewood Police Department for a follow up interview. We sat down in the public lounge and spoke for approximately one hour. I asked her to go through the night in questions Priyanka told me that she arrived at Preety and Eric's around 1930 hours. She arrived with some of her friends, Ryan and Thea Sanchez. She reported that everything was going well and they tried to pull a prank on Eric when he arrived at home. She reported that the prank did not work. Eric came inside and they continued to hang out. Priyanka told me that Ryan and Thea were the first ones to leave. She did not recall what time they left. During the night Priyanka stated that she started a conversation about the Black Live Matter Movement and it quickly became heated.

Priyanka stated that she decided to remain quiet and she and Caleb went to the living room to hang out and let things calm down. At this time, Priyanka reported that Preety and Eric were cleaning up the house. She stated that she observed them go to the back toward their bedroom, but she remained in the living room. Priyanka stated that Eric and Preety went outside to throw the trash and were gone for fifteen to twenty minutes. Priyanka assumed that they were simply making up after the argument. Preety came back inside and was screaming at Priyanka. Priyanka stated that she and Preety were already arguing about her friends and they way they were treated at the party by Preety. Priyanka decided to leave and walked out of the house. Preety caught her at the steps and they continued to argue. At this time Caleb came outside with them and asked about Eric. Preety told them that he walked off. Priyanka and Caleb then walked a loop looking for Eric. She stated that they walked down the hill toward the gas station and then by the businesses and to Frontroom Pizza. Then they looped back around to the condo. She estimated that they walked for approximately twenty minutes looking for Eric.

Priyanka stated that she and Preety were still upset with each other and she left. She admitted to being intoxicated, having drank approximately three beers and shots of vodka. She drove around to look for Eric for approximately five minutes. She then drove to her parents liquor store and watched television by herself to calm down. She then drove home. At that time, Priyanka was living with her parents. She and Preety did not communicate until later in the day when Preety wrote to tell her that Eric had still not returned. I asked Priyanka to tell me about that day. She told me that she met some friends for lunch around 1230 and then went to Bandamere with her brother Kelvin. She stated that she won two tickets from work. They arrived at Bandamere around 1500 hours and remained there until 1700 to 1800 hours when Preety told her that Eric had not come home yet.

I then spoke to Priyanka about Caleb. She told me that she and Caleb did go out on a date one time after Eric went missing. She described him to be very smart, but socially awkward. Priyanka stated that he was helpful during the initial search efforts. Priyanka stated that she does not know Caleb very well at all. However, she did not think that he would harm Eric in any way. I asked her how well she knew Eric. She told me that she had the opportunity to learn a little bit about Eric when she wrote a profile study paper on Eric and his work as a paramedic. Priyanka reported that Eric was pretty quiet normally, but was an emotional drunk. I asked her how often she has been around Eric when he was drunk and she stated that they have drank together often in social settings and that she and Eric usually have shots together.

During the initial days, Priyanka was able to view and monitor Eric's bank account at Firstbank. She told me that she view it up until the end of October and beginning of November 2016 when Preety asked her to stop checking the account because things were not going well between Preety and Eric's family. I asked her about logging into Eric's gmail account. Priyanka told me that Preety was able to access his account through his laptop. In the initial days of the search, they tried to remotely install an app to track his phone but his data was turned off and they were unable to do so. I asked her if they ever searched YouTube under Eric's account at all. She stated that she did not. I asked her specifically about October and whether they logged into Eric's account to look up a video about how to turn off the GPS on a cell phone. Priyanka told me that she did not and that she and Preety are not in contact as often as of late. However, Priyanka told me that Preety forgot the password to Eric's laptop approximately 3 week ago (beginning of March 2017).

I then asked Priyanka some follow up questions. I asked her where everyone was hanging out in the condo. She told me they were all up front in the dining and living room area. To her knowledge no one but Preety and Eric went to the back area. I asked her how long she and Preety were outside at the steps arguing before Caleb came out and they went searching for Eric. She stated he came out almost right after them and she did not believe that he was left alone in the condo very long. I asked her if she knew if Eric owned any guns. She stated that she believed that he owned a Glock because they have all gone shooting up in Frisco together. She recalled that they went shooting around Memorial Day 2016. She does not know how he stores his guns or where he stores them at. This concluded my questioning of Priyanka on this date.

Further Investigation:

On 02/28/2017 at approximately 1000 hours Caleb arrived voluntarily at the Lakewood Police Department for a follow up interview. Caleb told me that he has tried his best to help with the search of Eric, but starting a new job with Denver Paramedics as Paramedic has hindered that because he is not able to take off time since he is new to the department. I asked Caleb to tell me about the night in question. Caleb told me that he and Eric were both celebrating that night because they were each leaving their part time departments and getting on full time with their respective departments. Caleb told me that the date was planned ahead of time because they were both off from work.

Caleb told me that he arrived shortly before Eric and bought some beer. Caleb stated that there were several people and they were socializing and drinking. Caleb stated that he did not drink that much because he needed to work the following day. Caleb reported that the party slowed down and it was just he along with Priyanka, Preety, and Eric. Caleb does not recall who brought up Black Lives Matters but it became tense between Eric and Preety because Preety believed in it whole-heartedly without reservation. Caleb and Eric were both expressing their concerns because the movement involved all uniformed people. He stated that the argument then turned to just being between Preety and Eric. Caleb stated that he went to the living room and just quit talking. Caleb thought that the argument was finished and Preety and Eric went outside. He stated that Preety returned by herself after approximately five minutes. Preety was yelling at Priyanka and blaming her for starting the argument. Caleb then intervened and asked where Eric was. Preety told him that he left to go for a walk. Caleb walked outside and did not see him by the dumpster. They all then went out of for to look for Eric. He stated that they were in a group at times and separated at times. Caleb stated that at some point Preety and Priyanka were in the house by themselves and he drove around with a flashlight looking in the dumpsters and stairwells.

Caleb stated that Preety had stated to Priyanka that this was the worst fight and she and Eric have ever had and she was blaming Priyanka for that. This was when Preety came back inside without Eric. Caleb stated that they are all out looking for Eric initially and they all returned to the condo. Caleb stated that he wanted to continue looking and Preety stated that she was going to stay at the condo in case Eric came back. Caleb then left to continue looking for Eric. Priyanka then left for the night. Caleb reported that he drove back on W Alameda Pkwy to the fire house and drove back to W Jewell Ave to S Kipling Street to check all the parks that he could. He then drove around the complex more and finally left to go home. He thinks that he left around 0300 hours.

I then spoke to Caleb about Eric's firearms. Caleb is aware that he has a handgun and rifle. I then asked Caleb if he and Eric ever talked about suicide in the five years that he has known him. Caleb stated that he has not specifically spoke of suicide, but they have talked about the rough calls that Eric has dealt with. I asked Caleb how Eric dealt with his stress and she stated that he would hike or go to the shooting range. Caleb stated that he and Eric were very open about talking about their tough calls. Caleb did not think that Eric was suicidal on the night in question when I asked him about that.

The following day, Caleb recalled waking up and then seeing several text message and a message from Preety asking for him to come back because Eric had not returned him. They then let Eric's family that Eric had not returned him. They all then spoke and decided to call Lakewood Police. I asked Caleb if he had any passwords to get onto Eric's social media. He stated that he did not. Caleb communicated with Eric via phone or Facebook. I then asked Caleb if he accessed Eric's gmail account in October. He stated that he did not. I then asked Caleb why the family would have a reason to believe that he was some how involved in Eric's disappearance. Caleb stated that he wished he knew more, but he has told us everything that he knows. I asked Caleb if he knew how the relationship was between Eric and Preety.

Caleb told me when Eric was intoxicated, he would speak about problems with Preety and that he would talk of breaking up with her. Caleb stated, "A drunk Eric is a single Eric." Caleb stated that he and their co-workers were shocked that Eric wanted to marry Preety. Caleb stated that he and Eric used to meet monthly with some other co-workers to eat dinner together or go camping. During those times, Eric would talk about his problems with Preety and state that he was "done with her."

Caleb stated that he spent some time searching with Drew Fitch and they were looking for evidence of a car accident or animal attack. Caleb does not have any information or idea about what happened with Eric. He told me that he would not go so long without talking to his father, who is his best friend. My interview concluded with Caleb and this concluded the investigation on this date.

I have received records back from Snapchat and have attempted several times to speak to a human being in order to gain a better understanding about how to interpret the information that they provided. I will continue to make those efforts. I am also waiting for records to be produced by Google for Eric's gmail account, specifically YouTube and the information about a search that was performed on 10/07/2016 in regards to how to turn off location services on a cell phone. At this time the case is suspended pending those results.

On 05/01/2017 I received a voicemail for a male who identified himself as Jonathan Stelly with a phone number of 720-630-9099. He stated in the message that he was in Pueblo, CO on 04/29/2017 for a conference. During that time he went to a bar with some friends. He identified the bar as Riverside Bar and Grill. Jonathan stated that while at the bar, a male became belligerent with him and then party he was with. Jonathan stated that the bar manager had to intervene and the male was also belligerent with them as well. Jonathan and his friends left the bar to avoid a confrontation. Jonathan reported that the male looked a lot like Eric. He stated that according to the bartender, this belligerent male frequents that bar. Jonathan was aware that there is a \$10,000.00 reward in this case. He did not provide any further information in the message. I called the bar and spoke to a manager explaining the situation. The manager that I spoke to was not at the bar on the date in question. He reported that the owner was. He took a message for me and told me that he would talk to the owner and then have her call me as soon as possible. Nothing further.

Case Number: 16-030309

REPORTING OFFICER: (1893) MARQUEZ, TIMOTHY

Further Information:

On 06/01/2017 I spoke with Erin Walsh, who goes by Quinn. Quinn was Eric's EMT partner at Mountain States Ambulance. She informed me that she has spoken with Eric's mother about her partnership with Eric and the last shift they worked together on 07/22/2016. Quinn stated that she wanted to share some information. She stated that she reviewed her cell phone records and reports that she called Eric at 2109 hours to tell him about their boss being upset that they conducted a late patient transport. The spoke for approximately eight minutes.

Quinn reported that Eric sounded tipsy that night and she thought that he was at a bar. Quinn was not certain on where Eric was at but provided me with another person to speak to named Trish. She stated that Trish worked with Eric as well and Trish may have information about that night. When speaking about Eric's demeanor, Quinn reported that he was upset over their boss, but she did not think that he was distressed or depressed in any way.

Quinn then spoke further about Trish and provided a phone number of 303-472-5886. Quinn states that she may have also received the information about Eric being at a bar from their boss Mark. Trish may have called Mark and provided that information to him. According to Quinn, Trish posted something on a Facebook page stating something about there being "drama" surrounding Eric's disappearance. I search Facebook and located Trish's page with URL [https://\[REDACTED\]](https://[REDACTED]) with a profile name of [REDACTED]. I located the post on her page from May 1st of this year at 1957 hours. It states, "Due to several personal issues at home and the increased drama surrounding Eric's disappearance and search..I'm stepping away. I will continue to follow but not be involved. I miss you Eric Pracht..til we meet again friend..". Quinn has not spoken with Trish in quite some time. She did not have any further information to add. On 06/14/2017 I called Trish and left her a message requesting a return call.

On this same date, I presented an affidavit for a production of records for Priyanka's cell phone for the date range of 07/22/2016 to 07/25/2016. In review of Priyanka's statement provided to Detective Valenzuela and her statement to me, there was information omitted initially. Specifically, she did not tell Detective Valenzuela that she drove to her parents liquor store in Evergreen after looking for Eric. She told me this when I interview her a second time. In my interview, she did not tell me that she and Caleb kissed each other as they were out looking for Eric. She also did not tell me that she and Caleb exchanged phone numbers and she in fact sent him a text message around 0100 to 0200 hours on 07/23/2016. She did tell me that she and Caleb did go out on a date after Eric's disappearance. But they have not had any communication since. Priyanka confirmed her cell phone number with me and it was the same on the date of Eric's disappearance. Despite that information, Judge Vance of the Jefferson County Courts stated that there is a lack of probable cause to say that a crime was committed by Priyanka. Furthermore, Judge Vance stated that there is a lack of evidence to say that Priyanka used her cell phone during the commission of a crime and he therefore would not sign a warrant for her cell phone records. Based off of my training and experience, the standards for obtaining search warrants and records for cell phones has increasingly become more stringent due to recent case law that now restrict what we can obtain from a cell phone and/or cell phone records.

As of 06/14/2017 I had not heard back from any employees at the Riverside Bar and Grill in Pueblo, CO. I called again and spoke to a bar manager named Dan. He told me that the owner was named Stephanie and he stated that he would have her call me. I told him that I had already left one message and did not get a return call and that I needed her number to speak with her. Dan would not provide a number and stated he would have Stephanie call me. This response from a bar is typical with law enforcement. Even though I explained that it was in regards to a missing person, the manager was not very cooperative. Nothing further at this time.

Further Information:

On 06/14/2017 around 1100 hours I called Riverside Bar and Grill and left another message with Dan. He was not very cooperative and was in a rush to get off of the phone. I performed a public records search on the Riverside Bar and Grill and was able to identify Stephanie Spinuzzi with a phone number of 1-719-671-7576. I called that number around 1245 hours and received a generic voicemail. I left a detailed message requesting a return call. I later spoke to Stephanie who confirmed that she is the owner of the Riverside Bar and Grill. I explained to her the reason for my call. She stated that she would contact her staff that was working that night and speak to them about the incident. She does not think that she was at the bar that night, but needs to go into the office and check the schedule. I provided her with the spelling or Eric's name and instructed her to search him on Facebook to show pictures to her staff. I also asked her to reach out to her staff via cell phone and pass my number along to them so that I could speak to them about the same information. I asked Stephanie about video surveillance and she told me that they do have a system that some times does not work. She was unclear but thinks that it writes over itself after a day. She then told me that it may write over itself after five days. She was not certain. This concluded our conversation.

On 05/02/2017 I received records back from Google in reference to Eric's YouTube about that was accessed on 10/07/2016 at 0816 hours. The session ended at 0829 hours. The IP address was listed to be the same for the login and logout as [REDACTED]. I used a search engine for the IP address and it shows to be in the area of the Denver capitol. On 05/22/2017 I drove that area and found that there are several businesses in that area that have Wifi. I also observed the Denver Public Library to be in that area. I spoke to an employee and learned that they are opened at 1000 hours during the week. October 7, 2016 was a Friday. They have Wifi but it can only be connected to while in the library during normal business hours. I asked about confirming the IP address and I was told that they could not provide me that information without a court order. I asked about video surveillance and they told me that same thing. From previous case experience, this is standard for most public libraries. They require a court order and their video surveillance writes over within 72 hours and the computer internet history is scrubbed every night. Because the library would not have been open at the time, the IP address is most likely to a different business or location in the area. Nothing further at this time.

On 06/15/2017 at approximately 0915 hours I called Preety to speak with her about setting up another interview. She was at work and needed a few seconds to step outside to talk. This is typical when I call Preety while she is at work. She does not like people hearing her conversations at work. I informed her that I would like to talk with her again and she stated that she would need to take time off from work and wanted at least a week so that she could give her employer some notice. We then set up an interview for 06/22/2017 at 0800 hours.

Preety then asked me if I thought that it was possible that Eric was just living as a homeless person. I told her that anything is possible. Preety explained that in her opinion, if Eric felt that people were mad at him, it would be enough to prevent him from coming home. Preety was looking for a definitive answer from me, but I again told her that it is certainly possible that Eric walked away from his life and is living on the streets. Preety then asked about results from Google. I did not provide her with any specific results but told her that we could talk about that at our scheduled interview. Preety also asked me if I found out any information on Facebook about a girl who posted about Eric's disappearance before he went missing. I did not recall ever hearing this information. Preety told me that she did not write anything down, but thought that she and I had a conversation about this. I asked Preety to start keeping a journal and write down her questions so that she does not forget. This concluded our conversation on this date. I then called Priyanka to set up an interview. She is now working in Broomfield and is not able to take time off but can meet after work. We set up a time for 06/20/2017. Nothing further.

Further Investigation:

On 06/25/2017 I conducted some further investigation into a 2000 Ford F-250 truck with Colorado license plate [REDACTED] and VIN [REDACTED]. I found that the truck is currently registered to Emily Franklin with a Colorado License plate of [REDACTED] with an address in Aurora, CO. It is listed as silver in color. Prior to that it was owned for a very short time by a female named Haley Hernandez. I performed a public records search and obtained a phone number for each person. I left a message with Emily and Haley requesting a return call. On 06/16/2017 I received a call back from Emily around 1100 hours. I called her back and introduced myself and informed her that I was working missing persons case and that I was following a lead that pertained to her truck. I did provide her with the name of Eric for her reference and to put her at ease during our conversation. Emily was very understanding and cooperative.

Emily told me that she and her husband bought the truck a few months ago. They use it to pull a horse trailer and load up hay where they reside in Colorado Springs. They bought the truck from a male who resided at an apartment located at 8204 Sheridan Blvd. She did not recall his name but was able to provide a phone number for him as 720-461-6363. While on the phone Emily was looking in her file cabinet for the paperwork for the car. She also told me that she had the text message thread from the car sale. Emily stated that they originally saw the car on Craigslist and went twice to see it before purchasing it for \$2,200.00 cash. I asked her what color the truck was and she informed me that it is silver and black. Emily told me that they have not cleaned the truck at all, but did have to take a bunch of trash and things out of the truck. Emily reported that it smelled like vanilla from an air freshener at first, but then quickly smelled of cigarette smoke. She therefore bought more vanilla air fresheners to place in the truck. Emily also told me that the truck needed some work on it when they bought it. I asked Emily if she knew the name Haley Hernandez and she told me that was the name on the title. Emily stated that she would gather all the paperwork and information for the car and agreed to provide written consent for me to view the truck and possibly have it processed. Emily also agreed to provide elimination buccals standards as well. We set up a tentative time to view the truck on 06/19/2017.

While I was speaking with Emily, Haley called me on the second line. I placed Emily on hold and spoke briefly with Haley. Haley was also very cooperative and I informed her why I was calling. She told me that she purchased the truck from the Denver Police auction for \$750.00. She had the truck for a couple of weeks and then sold it to a male on "OfferUp". She told me that she would gather all of the paperwork for the truck and then bring it to the Lakewood Police Department. Haley told me that she routinely buys vehicles from auctions and then sells them. I asked her what color the truck was when she bought it and she told me that it was black and grey. I clarified with Haley about who sold the truck. She did not know the name Emily and told me that she sold the truck to a male. Haley did not have any further information to add. Nothing further on this date.

James stated that he observed the stories on the news and saw that the family used a psychic to assist with the investigation. James wanted to re-iterate that he thought that he saw Eric the following Monday at 0930 hours. He stated that he recalled that he was driving to the Home Depot in Golden, CO. James was driving south on W Alameda Pkwy and turned west to continue on W Alameda Pkwy toward C-470. James observed a male sitting on the side of the road on the north side of W Alameda Pkwy not far from the intersection. He recalled the male did not have any shoes on and was wearing blue pants. He did not recall what colored shirt he was wearing. James stated that he initially thought that this male might have been a transient who may have had something to do with Eric's disappearance and then quickly realized that it could have in fact been Eric himself. James did not have any more information to share and stated that he just wanted to share the information again.

Further Investigation:

On 06/20/2017 at approximately 1800 hours, I met with Priyanka at the Lakewood Police Department. She arrived at the police station voluntarily and was free to leave at any time. During this time we sat outside on the back area of the police department for privacy. We were working a homicide case at this time and I was not able to use our interview rooms because they were in use. I informed Priyanka that I had some questions that I wanted to ask her so that we could clarify some information that she has provided. I first asked her to clarify with me why she first did not tell Detective Valenzuela in her initial statement that she traveled to her parents liquor store in Evergreen on the night in question. She stated that she did not mention that initially and did not make any excuses. I asked her why she went to her parents liquor store and she told me that he needed to calm down after arguing with Preety and she did not want to go home upset because her mother would pry into why she was upset. Priyanka stated that she works at her parents liquor store and has a key. She reported that she spent time by herself in the office because she has no other place to go. Priyanka told me that she did not mention this because she did not think that it was important.

I explained to Priyanka that it is important for her not to leave any information out and not to embellish any information. I then asked Priyanka to clarify with me about she and Caleb kissing during their time together when they were looking for Eric. Priyanka provided this information for Detective Valenzuela during her initial statement, but did not provide that information to me during her second statement. Priyanka told me that she was embarrassed about that and thought that it was too much information. He stated that it felt "high schoolish". I then asked Priyanka to go through the night with all the details and information.

Priyanka told me that Preety was having a small get together at her home. Priyanka provided pizza and Preety and Eric provided all the liquor. Priyanka invited her friends Thea and Ryan. Preety invited her friend Nicole and another female. Priyanka could not remember the other females name. Priyanka also stated that Caleb arrived as well. Priyanka stated that Thea and Ryan left first and then the two females left. Priyanka reported that everyone else, that being Caleb, Preety, Eric, and herself, sat around the table talking. Priyanka reported that she brought up politics, specifically the Black Lives Matters Movement. Priyanka stated that Caleb and Eric were taking a pretty aggressive stance on the topic and were against the movement because of the negative light it has against anyone in a uniform. Priyanka reported that Preety was for the movement because of the who nature of the movement. Preety and Eric then argued with each other about their respective views. Priyanka could not recall if things had settled down when she and Caleb went to the living room.

Priyanka reported that Preety and Eric were cleaning up the kitchen and then went outside to take out the trash. Priyanka stated that it was very obvious that Preety and Eric were upset with each other as they cleaned up. Priyanka stated that Preety and Eric went outside to throw the trash and were taking a while. She assumed that they were working things out and wanted some privacy. Preety came back in the house by herself and yelled at Priyanka. Preety told her that Eric left and that she and Eric have never fought like that before. Priyanka got up and left, but Preety caught her at the steps and wanted her to stay longer to sober up. The two were outside talking for a few minutes when Caleb came outside. Priyanka felt that it was out of character for Eric to be gone for so long and suggested that they go and look for him. Priyanka stated that Eric is pretty level headed and she has never known him to just walk off like this. in the time that she has known him.

Priyanka reported that they all walked around looking for Eric. Priyanka stated that Caleb went up toward the pool area and then they walked together to the gas station and liquor store. They also walked the edge of W Jewel Ave. Priyanka reported that it during this time that she and Caleb kissed each other and exchanged phone number. They then split up and she went to her car. Priyanka reported that she told Caleb that she was going to drive around the neighborhood to look for Caleb, which she did. Priyanka reported that she drove the apartment complex and then some of the side streets for a few minutes. Priyanka stated that she did not think much of the situation at the time and then drove to her parents liquor store to be alone. She learned later that Caleb and Preety continued to search after she left.

Priyanka told me that she did not return home until around 0400 hours. I asked her what route she drove to her parents liquor store. Priyanka told me that drove C-470 to I-70 to the Evergreen exit near the Wal-Mart. Priyanka stated that she did drive around prior to that. Priyanka told me that she drove up US 285, passing the cross, before turning around and getting back on C-470 to I-70. Priyanka explained that she was slightly buzzed when she left Preety and Eric's, but sobered up fairly quickly. During the drive she did text Caleb and asked him if they found Eric. She learned that they had not found him yet and she never followed up with him. Priyanka reported that the following day she has plans to be with her little brother and Bandemere Speedway. She did go with him and around 1700 hours Preety called her to tell her that Eric had still not returned him.

I then asked Priyanka about a Facebook post in regards to Eric. I was previously informed that a comment was made to the effect of, "I'm sure gonna miss Eric." Priyanka stated that she did make that comment stating that she was going to miss Eric during the holiday season. I asked Priyanka if there was more to Eric's disappearance that she was not telling me and followed that question up with referring to her comment. Priyanka stated that after she posted that Preety told her not to talk about anything on Facebook. Priyanka reported that it makes sense to her now, but was simply stating how she missed Eric and was going to miss him during the holidays. Priyanka's demeanor remained calm and cooperative. Based off of her reaction to my question, there is no indication of deceit on her part in regards to Eric.

During the interview, Priyanka informed me that she and Caleb went on a date a month after Eric's disappearance. She reported that it was weird and awkward. Priyanka stated that she did speak of Eric during the date to include reminiscing about him. Priyanka reported that she and Eric shared a liking of Marvel and DC characters. Priyanka also recalled that she and Caleb did meet for coffee the first week that Eric went missing. They spoke mainly about the search for Eric.

This concluded the interview with Priyanka and I asked her to call me if she recalled any further details of that night. Nothing further on this date.

On 08/01/17 Det. Marquez informed me that he had contacted West Metro Fire Dive team about searching a pond for the missing paramedic, CR#16-030309.

I was informed that the dive team had scheduled the search to take place on 08/06/17 at 0800 hours.

On 08/06/17 at approximately 0800 hours, I met with the West Metro Fire Dive team and Det. Marquez at a gated lot south of W. Alameda Ave., east of C470.

The gate was locked with a combination padlock. West Metro Fire was able to unlock the gate.

The scene was an excavated area of clay and sand. There was a sloping incline on the north side that went south to the pond. The east, south and west sides of the pond were walls of earth.

We were able to drive our vehicles down the incline on the north side to get close enough to the pond to transport the equipment by foot. West Metro Fire used a weed whacker to mow down the vegetation on the north side of the shore.

The West Metro Fire Dive team used an arcing grid search in the water to look for a body at the bottom of the pond with negative results for the areas searched.

They also used a person to snorkel around the outer edges of the pond where the bottom of the pond was shallow and had a lot of vegetation.

The search was concluded when the rain started approaching the area.

The search encompassed the outer edges and the northwestern side of the pond. The southern side and the middle of the pond will be searched on another day, weather permitting.

I obtained overall photographs of the pond from the southern side.

On Sunday, August 13, 2017, Detective Marquez informed me that he had contacted West Metro Fire Dive Team in reference to searching a pond for a missing person. Detective Marquez requested crime lab assistance for the search which was scheduled to take place on August 13, 2017 at 1100 hours. At approximately 1100 hours on August 13, 2017, I met with West Metro Fire Dive Team and Detective Marquez at a gated lot located east of South McIntyre Street on the south side of West Alameda Parkway. The gate was open prior to my arrival.

The scene was an excavated area of clay and sand. Tall earth ridges encompassed the pond on the eastern, western, and southern sides of the pond. On the northern side of the pond, a dirt access road was available. The West Metro Fire Dive Team utilized a narrow dirt access road located on the southwest side of the pond to enter the pond.

West Metro Fire Dive Team used an arcing grid search in the water to explore the bottom of the pond with negative results for the areas searched. The search concluded when all accessible areas had been covered. The areas searched included slight overlap from the search that took place on August 8, 2017 as well as the southern side and center of the pond.

I obtained overall photographs of the pond from the western side. The search was completed at approximately 1615 hours. I uploaded the digital images into the Crime Lab DIMS system.

Further Information:

On 06/22/2017 at approximately 0800 hours I met with Preety at the Lakewood Police Department. She arrived voluntarily and we sat down in an interview room to speak in private. Preety informed me that she reviewed the reports and wanted some information amended. She stated that in a previous report, I quoted her as stating that she called Eric racist. She clarified and told me that she did not call him racist and wanted me to amend the information. She then stated that she has questions about the case as well. Preety reported that several people were in her home on Sunday when they were out searching for Eric. She provided a list of names and stated that she wanted people questioned in regards to Eric's missing firearm. Later, Preety was able to provide a list of people. They are as follows:

Saturday

Marcus Pracht (went to the closet to borrow a pair of shoes)

Jerica Pracht

Denice Pracht

Randy Pracht

Caleb Deveux

Andrew Fitch

Sunday

Michelle Bass

Jeff Bass (had Eric's keys to go to house to use the bathroom)

Sheryll Fitch

Laura Fitch (had Preety's keys)

Paul Bass

Rachel Bass

Priyanka Lal

Kelvin Lal

Jim Fitch

Randy Pracht

Preety was very vocal about feeling as though she is always being "interviewed", yet Denice and Randy get "meetings". Preety expressed that during the initial days of the search efforts Denice was asking about Eric's life insurance policy. She did not think anything of it at the time, but stated that it now concerns her. Preety also told me that Marcus asked Eric for a large loan and she wanted to me check into this further. Preety feels as though she and her family have been attacked by Eric's family and she is no longer communicating with them. Preety did not have any further information to add and this concluded the contact on this date.

On 07/13/2017 Preety and I met again. She stated that she received a weird phone call that she wanted me to look into. She reported that on 07/07/2017 around 1530 hours she received a phone call from a female who was looking for Fabian Cateo. This female called from phone number 212-598-6000. Preety researched the number and found that it is a phone number to HCA Healthcare in New York, NY. Preety questions if Eric is alive and simply in a hospital suffering from amnesia. She has asked me about this possibility before and this call brought up that question again. I researched this further and found that it was not related at all.

Preety then spoke about a possible search in Idledale with the CFC dogs. I told her that we were still working with CFC and could discuss searches with them if it was deemed to be fruitful. Preety then spoke about other reports that she feels are inaccurate. Specifically, she stated that in supplemental report 25 it is mentioned that Eric self medicated with alcohol and that rehab was discussed. Preety stated that they never specifically discussed rehab but talked about quitting together. Preety wanted to make it very clear that she and Eric had a strict rule in their relationship to never name call or raise their voices when arguing. She stated that she never used the term racist during their argument on the night in question. Preety then referred to a portion in the report where it speaks of Eric becoming intoxicated and vomiting at a restaurant. She corrected that information to stated that Eric vomited at home, not at the restaurant.

Preety continued and wanted it to be documented that Denice was not present during the second day of the search but Randy was. In addition, she stated that Marcus and Jerico also did not show up on the second day. Preety did not have any further information to add on this date and this concluded out meeting. I later emailed her a copy of the podcast per her request. Nothing further.

Further Investigation:

On 12/14/2017 I presented this case to the Cold Case Review Board. Upon completion I followed up with their recommendations. Eric owns several firearms to include rifles and handguns. He is missing a Glock 23 that was previously placed on ██████████ as lost with serial number ██████████. Denice and Randy have possession of the gun safe and other firearms, but Preety still has the gun case to the Glock. On 12/18/2017 I spoke to Preety about the gun case and asked her to check the case to see if the fired casings were in the box. When purchasing a firearm there are always fired casings that accompany the purchase from the manufacturer and the technician who test fired the weapon. Preety informed me on 12/20/2017 that the envelope and casing were still in the case. At approximately 1800 hours on this same date I spoke to Preety again to arrange a time to pick up the gun case. She agreed to meet me at her home for me to pick up the case. During our phone conversation I informed her that I would like to search her home again to make sure that the gun was not there. She informed me that when Denice and Randy told her the gun was missing from the safe she "tore" her house apart and did not find it. Preety asked why I wanted to search for it again and I informed her that a recommendation from the Cold Case Review Board pertained to a search of the gun with a K-9 may be useful. I explained that if Eric walked off with the gun and committed suicide, we may be able to use a K-9 to search for the gun in hopes that we would also find Eric.

I told Preety that I would like her written consent for Detective Valenzuela and I to search her residence. I told Preety that she could also deny us consent. It should be noted that Preety also informed me this week that she received a letter from an attorney representing Denice and Randy. She informed me that they were attempting to obtain a death certificate for Eric so that they could obtain a conservatorship to control Eric's finances. The letter further demanded that Preety grant access to her home by the family so that they could inventory the property and take possession of Eric's belongings. There was no court order signed by a Judge. I told Preety that was a civil matter and that I could not advise her what to do. I informed her that we could not get involved in that matter. Preety ultimately stated that she would be consulting with an attorney and would bring up the fact that she and Eric were common-law married.

Preety agreed to a consent search of their home and told me that she would not be home until around 1930 or 2000 hours. She told me that she would call me when she was on her way home. I told her that we would meet her there. After ending the phone call Detective Valenzuela and I arrived at the complex around 1830 hours and conducted surveillance. I found that no one was home and Preety called me around 1919 hours to inform me that she would be home in about ten to fifteen minutes. She informed me that she would be with a friend. She arrived around 1935 hours and went inside. We were immediately behind her and she allowed us inside her condo.

I sat down with Preety in the living room and went over the consent form with her. I again told her that she could revoke consent at any time. Detective Valenzuela and I then began our search. I asked Preety for her consent for us to photograph as we searched and she stated that she did not want us to photograph because she feels that the family would request those photographs from the Police Department and use them in their civil case. Preety reported that she did in fact meet with an attorney in regards to the letter that she received from the attorney representing Denice and Randy. We did not take pictures. Detective Valenzuela and I began our search in Eric's "game room". The room has a split closet and I searched the east closet located on the north wall. In front of the closet was a round laundry basket that contained some of Eric's work clothing and a gun bag. As I looked around the home, I found that many things were left as is. For instance, the game room looked the same and nothing appeared to have moved or altered with the exception of the gun safe that was removed by Denice and Randy. In the master bedroom, Eric's work bag was still on the floor near the closet with all of his gear and clothing still inside.

In my search I noted that the gun bag contained a magazine to a Taurus PT 745 pistol, two assault rifle style magazines, four shooting ear muffs, two protective shooting glasses, and some loose .40 Winchester S&W rounds. In addition, there was a nylon gun holster. I then searched that respective closet and found a large wooden ammunition box that contained a variety of ammunition. There were two airsoft rifles and a bb gun rifle. The closet contained more of Eric's clothing and soft rifle cases. I then searched the game console cabinet, futon, and shelves. Detective Valenzuela completed a search of the other closet and shelving. As we searched I asked Preety if Eric was a "prepper". She informed me that he and his former roommate Justin Doubrava had started gathering prepping gear about a year before Eric's disappearance. Preety reported that they always talked about a zombie apocalypse. As we searched, Detective Valenzuela did find a "go bag" that has some knives and survival gear.

I asked Preety what she knew about Justin and she told me that last she knew, he was working as a paramedic at Craig Memorial hospital in Craig, CO. This information intrigued me because I performed a ██████████ search ██████████ on 12/15/2005 and observed that Colorado

Lakewood Police Department

Case Number: 16-030309

REPORTING OFFICER: (1893) MARQUEZ, TIMOTHY

State Patrol ran Eric on 09/25/2016. I obtained the recording of the inquiry that was made by Officer Grant Leahr. He called into dispatch to have them run Eric and stated that he was not in contact with him. I spoke to Officer Leahr who could not recall why he ran Eric. Officer Leahr told me that he thought that it might be a name that was given to him by a transient or possibly something with drugs. He could not recall. I forwarded a picture to Officer Leahr via email and asked him to check around with their transient community to see if they recognized Eric. I continued to speak to Preety about Justin and she was able to provide a phone number for him as 720-219-9260. I asked Preety if Justin would cover for Eric if he decided to live off the grid. Preety reported that he would cover for Eric.

Detective Valenzuela completed his search of the game room and I moved to the bedroom where I searched Eric's work bag. I noted that the bag was also in the same state as when I searched it in 2016. The work clothes were still in it and folded neatly. I asked Preety where the Glock gun case was and she told me that it was in the closet. I then retrieved the case and observed that it contained the original paperwork, the envelope with the test fire casing, a Glock 23 magazine with live ammunition in it (later found to be 11 live rounds of hollow point .40 Winchester S&W). I seized the entire gun case, envelope, and magazine with the ammunition. I observed that the case and envelope had the same serial number of [REDACTED] printed on the label.

I then searched the entire closet to include several shoe boxes of Preety's shoes. I then moved to Eric's dresser drawer and searched each drawer. I observed a set of keys that Preety told me belonged to the safe and she found them after she was informed by Denice and Randy that they opened the safe and learned that the Glock was missing. She stated that when she tore the house apart, she located the keys in a gray hard case where Eric's stores a bunch of camping/hunting knives, I did search that case during my search of the game room. This case was on the futon couch.

Detective Valenzuela then completed his search of the game room and then searched the bathroom before moving to the master bedroom to complete a search of Preety's dresser drawers, night stand, bed, mattress, box spring, and underneath the bed. We then moved to the kitchen and search all the cabinets, dishwasher, stove, oven, refrigerator, and pantry. I then search the couch in the living room, entertainment cabinet, and coffee table. We did not locate any firearms in the home. This completed our search and we cleared the scene around 2100 hours. I later booked the seized items into property as evidence.

On this same date, prior to the search, I spoke with Denice, Randy, Marcus, and Jerica via telephone. I provided them with an update of the review board and provided them with the recommendations that were recommended. Marcus expressed his continued frustrations and feels that Preety, Priyanka, and Caleb are all suspects and should still be investigated thoroughly. I explained that they have been interviewed several times and that at this time, no theory has been ruled out. I informed the family that we would still investigate any tips that may come in and we would follow through with the recommendations. Marcus asked me if Preety and Priyanka's parents were interviewed and I informed him that they were not. Marcus was confrontational and asked why they were not interviewed. I informed him that I had no excuse for him, but that it was a reasonable request and I would interview them in regards to what they know about the night in question. Marcus asked about polygraph examinations of Preety, Priyanka, and Caleb. I informed him that I have asked all three to participate in a polygraph almost over a year ago and they did not decline but did not accept either. I informed Marcus that I could not force someone to participate in a polygraph. Marcus stated that he finds that to be suspicious and would like them to participate in a polygraph. I explained to Marcus again that I could not force someone to do so. Denice asked why they are not agreeing to participate. I previously spoke to Denice and Randy about this and they were aware that the reluctance stems from a feeling that if the examination were to come back as inconclusive that Denice and Randy would further place blame and suspicion on them. This explanation was not satisfying to Marcus. I again explained that at this time there is a lack of evidence to support a criminal act took place. I then shifted the conversation back to the recommended tasks. I was able to confirm that the family did in fact obtain an attorney to inventory Preety's apartment. Denice stated that when Preety told them that she did not want to communicate with them any further, they obtained an attorney. Denice stated that I told her to do so. I clarified and told her that it was civil situation and we would not get involved. I never at any time provided legal advise and told her that it would have to be taken care of in civil court. The conversation concluded and that is when I contacted Preety and proceeded with a second search of their home.

On 12/21/2017 I spoke to Officer Leahr of Craig Police again. He immediately told me that he now recalled why he ran Eric. He informed me that he went to the police academy with Andrew Fitch and Andrew called him back at that time and stated that Eric had some paramedic friends in Craig. I mentioned the name Justin Doubrava and Officer Leahr reported that he knew Justin and sees him often. He stated that he does not believe that Justin would be hiding Eric in Craig. Officer Leahr reported that he ran Eric at Andrew's request and has checked around and does not think that he is in Craig, CO. This concluded our conversation. End of report.

Further Investigation:

On 12/05/2017 I performed a [REDACTED] check on Eric. I found two queries that struck my curiosity. One was on 09/25/2016 by Colorado State Patrol. I called them and learned that the query was performed by their dispatch for Moffat County at the request of Officer Grant Leah of the Craig Police Department. I later spoke to him and he did not recall why he checked Eric's name. He stated that he may have ran it if it pertained to drugs or transients in the community. I also found a query by Officer Parsons at Westminster Police on 10/26/2017 at 0535 hours. Officer Parsons is a former court Marshal for the Lakewood Municipal Courts. I later spoke to him and he does not recall having direct contact with Eric. On 12/18/2017 I queried Eric's license plate and also found that Officer Parsons ran the plate. Officer Parsons was able to tell me earlier that he and his beat partner run traffic along W 120th Ave in the early hours of the morning and they had some traffic stops on that date.

I spoke to the dispatch center at Westminster and they found that Officer Parsons ran the plate and name from his MDT but there was no traffic stop associated. This is a common practice to run a plate on the MDT while on duty and performing proactive work. I called Denice and Randy and informed them about this query in Westminster. Randy informed me that he drives Eric's car and was working the day shift at the time and he drives W 120th Ave to I-25. This would be consistent and he passes the intersection of W 120th Ave and Pecos Street where Officer Parsons was at during that period of time.

Before knowing this information from Randy, I also requested information again from the Department of Labor. Again, I was advised that Eric has not reported any income since the last quarter of 2016. Nothing further at this time.

Observation/Investigation

On 01/11/18 I was contacted by Detective Marquez regarding a letter that was addressed to Eric Pracht (06/14/91). The letter was from Equifax advising of possible negative entries on the credit of Mr. Pracht. Detective Marquez requested that I do a production of records to Equifax to see what entries were added to the credit report.

I then did a production of records to Equifax as well as Trans Union for the credit report for Eric Pracht. As the letter was sent from Equifax a production of records was completed. As I had previously submitted a production of records to Trans Union another production of records was completed.

On 01/17/18 the production of records for Equifax and Trans Union were signed by Judge Hall. The orders were submitted to Equifax and Trans Union via fax along with an attestation of accuracy.

Observation/Investigation

On 01/23/18 I received an envelope from TransUnion regarding the production of records that was submitted regarding Eric Pracht. The envelope contained a TransUnion Consumer Credit Report for Eric Pracht and an affidavit from Roxanne Wisely who compiled the report.

The credit report for Eric Pracht shows two open accounts and two closed accounts. The open accounts are to M & T Bank and Citibank credit card. The M & T Bank account is a mortgage with a balance of \$194,698 and was opened in January of 2016. The other account is CBNA (Citibank) credit card which has a zero balance and was opened on June of 2015. The closed accounts consist of Central Loan and Kia MTR FIN. Central Loan is a mortgage loan that was closed on September 2017. The other account was an automobile loan from KIA which was closed on December 2015.

There are no other active accounts or delinquencies reported. The TransUnion credit report was submitted to the Lakewood Police Department Records Section.

A return and inventory was completed on 01/30/18.

As of 01/30/18 I have not received any results from the production of records submitted to Equifax.

Further Investigation:

On 01/17/2018 at approximately 1500 hours I received a phone call from William Thompson who is the ex-boyfriend of Preety. William's name was provided to me by Denice and Randy on 11/28/2017. We had a meeting that day and they informed me that William (Willie) reached out to them and wanted to share information about Preety. Denice and Randy stated that this all started in July of 2017 and they did not tell me about it. They stated that they reached out to Willie via text messaging to gather more information and attempted to meet with him in person on a couple of occasions. According to Denice and Randy, Willie reported that Preety could be capable of hurting someone and that he has been threatened by her family in the past. He stated that he was threatened with a gun by Priyanka's boyfriend. Denice and Randy reported that Willie agreed to meet them in person to talk to them further, but would then no-show. In fact, he had originally agreed to meet them on this date (11/28/2017) and then come with them to this meeting to speak to me in person. He did not show and he told them that he was checking himself in at a drug rehab center. Denice and Randy stated that they were not accusing Preety of anything, but felt that we should talk to Willie.

We were able to view William's Facebook page during the meeting and that is some references to drugs on his page. Denice and Randy told me that Willie's mother would be someone that I could also talk to in reference to Preety's demeanor and character. It was explained to Denice and Randy that William did not have any direct information about Eric's case and that he may be considered a character witness, should this case ever become criminal. I told them that with that in mind, they should not have interacted with him in the manner that they did because it could be viewed as though they were trying to influence a potential witness. They agreed to have William call me directly if they had any further contact with him. In addition, we cautioned that William may have a vindictive motive with this information.

On 12/13/2017 I spoke to William's mother. I asked her if she knew where William was and she told me that she does not talk to him and she does not know where he is at. I asked her if she could talk to me about William and a previous relationship he was in. I further explained that I was investigating a missing person case. She told me to not call her again. This concluded the phone call. I checked with William's probation officer from Denver and she informed me that she received a call from William just after Thanksgiving and left a message telling her that he was checking into a rehab facility and that his phone number was no longer valid. He called from a blocked number. She did not have any further information in regards to William's whereabouts.

When William did call me back he initially apologized for not calling me back. He stated that it had been bothering him ever since and that he needed to call me back. He informed me that he did not actually admit himself into a drug rehab facility. William reported that he made a comment online when he saw the story and then Denice and Randy reached out to him to speak to him further. He stated that they had a private investigator call him. William stated that he told them that he only had character information about Preety and wanted to at least share that information with them. William told me that he is no saint, but he went through a rough time with Preety when they dated. He stated that he has lived a rough life, but he feels that Preety is not the nice person that she is displaying to me.

I asked William if he had any information in regards to Eric's disappearance. He stated that he did not. I asked him to speak about his relationship with Preety further. William stated that he did not know if this information would help or not. He described Preety to be a violent person and stated that they fought everyday when they were together for four years. He stated that three weeks into their relationship there was an incident where she was play hitting with him when they were at Elitches. Priyanka told her to stop and William's impression was that this play hitting was a pattern of behavior. He stated that soon after that Preety was demanding that William give her a key to his apartment. William then stated that approximately six months into the relationship he was working as a driver for the Denver Rescue Mission. He stated that Preety was not happy with his work hours and she burned all of his possession in his bathtub.

William reported that he and Preety originally met at Old Chicago where they worked. They dated soon after and moved in together in 2009. He described that he has been in and out of jail. William reported that he is an honest person, but continually gets in trouble and makes poor choices. William reported that he is afraid of Preety and that is why he did not come and talk to me further. He stated that judging by who Preety knows, he wanted to keep his mouth shut. He mentioned Priyanka's ex-boyfriend Basaam. He stated that Basaam has a brother who is a Westwood Hud gang member. He feared retaliation from Basaam. I asked him about an incident with Basaam. William stated that they were all at the club earlier in the night. On the drive home, William reported that he was driving too erratic and Preety did not like it. She grabbed the steering wheel and they almost hit the center median. When they got home, their argument continued and he put his hands on her. William stated that he was tired of getting hit by Preety so he hit her back. Basaam stated to him that he was going to go get his brothers.

William reported that the police arrived during that incident and he was arrested. William reported that none of them called the cops. He explained that after Basaam made that comment to him, he left but went into the wrong apartment. That person then called the police. William reported that Basaam had a gun earlier in the evening when they were at the club. William continued and stated that Basaam did not take the gun inside the club, but he had it with them that night. I asked William if Basaam actually menaced him with the gun and William stated that he did not. William added that he never even threatened him with a gun. William stated that he has not seen Basaam since that night.

I asked William what prompted him to call me back. He informed me that he felt bad for not calling me. He stated that he was at home recovering from surgery. He stated that he saw a show about a missing person and felt compelled to call me. He stated that he does not want to be involved in the case, but felt that he needed to tell me that he feels that Preety can be a volatile. He continued and stated that Preety's father was racist and that his demeanor changed after he was shot at his liquor store. William reported that he went to her house on one occasion to see Preety. Her father came to the door, grabbed Preety by her neck and closed the door. William reported that he and Preety spoke after that and he asked her if she "got her ass beat". Preety told him that she did and that her father always beats her up. He stated that this was the first time that he had any contact with Preety's father.

William then spoke about an incident where Preety had his car and parked it around the block so that he could not find it. William reported that he called Preety's father. Preety's father told William to never call the house again and told him that he has nothing to do with their family. I asked William if he made any threats and William stated that no physical threats or racist comments were actually made. He just felt that Preety's father was racist. I then spoke with William about Priyanka. He stated that Priyanka is pretty docile, but is Preety's right hand. I asked William about Preety's father and he told me that physically he is not capable of harming someone due to being shot. However, he would support Preety and Priyanka. He stated that even at the age of 24, Preety obeyed her father. If he told her to be home at a certain time, she made sure she was at home on time. He described him to be strict. This concluded William's statement.

He again stated that he originally made a comment on Reddit and then Eric's sister-in-law reached him on Facebook. She asked him to speak to Denice and Randy about his relationship with Preety. William was hesitant to do so and he stated that the family continued to contact him. They also had a private investigator contact him. William stated that they were harassing him. William told the family that he felt that he should talk to the detective, but the family insisted on meeting with him first. He provided them with some information and the family continued to contact him to meet. He became overwhelmed and then told them that he was going to rehab. William told Denice and Randy that he was going to contact the detective and they told him specifically not to contact me, but go straight to Commander Dewhurst. William told me that he has a family member who was an Aurora detective and he stated that despite the emotional state of Denice and Randy, he felt it was best to contact the lead detective. William did not have any further information and told me that he has all communication with Denice and Randy saved. This concluded our phone call.

Additional:

On 02/20/18 I received an envelope from Equifax which contained the credit report for Eric Pracht. Included with the credit report was a Declaration of Custodian Records which was signed by Mackenzie Cole.

Eric Pracht's credit report shows no new lines of credit and the last payments for credit cards being made in 2016. The only account with current payments is a M&T Bank account for a mortgage with the last payment being 01/2018.

A return of inventory will be submitted to the Jefferson County Court.

Further Information:

On 03/07/2018 at approximately 0720 hours I spoke with Nicole on the phone. I introduced myself and informed Nicole why I was calling her. I asked Nicole to tell me about herself. She reported that she grew up in Lakewood and attended Dennison Elementary, D'Evelyn Middle and High School, and then graduated from Lakewood High School. She worked in retail before working at a nursing home in the Green Mountain area where she met Preety and their other friend Karina Cooper. Nicole is currently employed as a phlebotomist at Bonfils Blood Center.

Nicole reported that Preety and Eric were engaged. Preety planned to have Nicole and Karina in the wedding party. Nicole reported that Preety invited them to the party so that everyone could meet. Nicole arrived around 1800 hours. She stated that she did not really know anyone else other than Preety, Eric, and Karina. Nicole mainly hung out with Karina. During a portion of the night, she did have a conversation with Preety, Eric, Priyanka, Karina, and Caleb in regards to health and life insurance. She stated that she was talking about starting her new job at Bonfils Blood Center and they were talking about insurance. A comment came up about whether or not Eric had Preety as the beneficiary to his life insurance since they were engaged. Eric agreed stating that he needed to get that sorted out. Nicole reported that she did not drink very much and had to work the following morning. She left by herself around 2200 hours. She turned off her phone for the night and then turned it back on the following morning around 0600 hours.

Nicole reported that she had several missed calls from Preety as well as a text message that was delivered to her between midnight and 0100 hours stating that Preety and Eric had a really big fight. Nicole stated that she then called Preety and was informed that Eric had not returned home. She called in for work and went to Preety to help her search for Eric. Nicole arrived around 0830 hours and she and Preety walked the area looking for Eric. In addition, they walked a park nearby thinking that Eric was asleep there. Nicole told me that she recommended that they call Eric's parents to see if he may be over there. Nicole stated that Preety was not comfortable calling Randy and Denice, noting that she did not feel that they needed to be involved if it was just a silly fight.

Nicole stated that Caleb arrived later and searched on his own for Eric. By this time it was after noon and Preety decided to call Randy and Denice. Nicole stated that she was at the condo when they arrived. She stated that it was awkward when Randy and Denice arrived. Nicole reported that Randy and Denice were distant toward Preety. Nicole stated that she helped with the search the following day and then traveled to Rhode Island for a planned trip.

I asked Nicole about the environment of the party. She stated that despite not knowing very many people, it was fun and people were having a good time when she was there. She did observe that Preety and Priyanka were annoyed with each other. Priyanka was upset with Preety stating that she was not hanging out with her friends. Nicole stated that it was not an argument, but she could tell that they were annoyed. Nicole reported that it seemed like normal "sister stuff". Nicole stated that she is one of seven kids with five sisters and can relate to the issue. Nicole stated that everyone mingled with each other. Nicole is not a very sociable person and mainly spoke to who she knew. Nicole stated that she was genuinely concerned with Eric did not arrive back home. She did not have any further information and this concluded our conversation.

Following my conversation with Nicole, I called Karina. Karina informed me that she met Preety when they were co-workers at a care facility. Karina stated that she and her husband Daniel went on several double dates with Eric and Preety and they all got along really well. Karina reported that she grew up in Lakewood and attended Lakewood High School and graduated from McClain. She currently works for Rhythms Home Care for geriatrics. I asked Karina to tell me about the party. She stated the following:

She and her husband arrived at the party and had a great time. She stated that Daniel and Eric get along really well. Karina stated that Preety and Daniel also got along well. Karina reported that she was the designated driver for the night. She reported that everyone was having a great time and there were no issues. They mainly spoke about life, work, and wedding plans for Preety and Eric. Karina stated that Eric was involved in the conversations as well. Karina thinks that she and her husband left around 2230 hours. She stated that they were the last couple to leave with the exception of Preety, Eric, Priyanka, and Caleb. She did not recall Caleb by name but stated that he is Eric's friend and that he is always a "dick".

Karina reported that Preety called her around 0130 to 0200 hours telling her that Eric left to get some air and he had not returned home yet. Karina spoke to Preety to calm her down and told her that he would come back and that he probably needed some time to cool off. Karina then went back to bed. Karina stated that there were no issues at the party when she was there. She was sober and told me that if there were problems, she would not have left. Karina did not have any further information to add in regards to the party. Karina reported that she then helped with the search on Sunday.

Since Karina shared with me that she and Daniel went on several double dates with Preety and Eric, I asked her to tell me about her perception of Eric and Preety's relationship. Karina told me that they had a very strong relationship. They did not fight and if they did, it was never a big deal and they got over it quickly and moved on with life. She stated that Eric and Preety were each very involved with their respective families. Karina and Preety speak on a regular basis and try to get together every month for a meal. Karina did not have any further information to add and this concluded our conversation.

Further Investigation:

On 03/07/2018 I spoke with Preety's father, Moti Lal. He was at home and we spoke on the phone. I asked him if he could tell me what he knew about Eric's case and the night in question. Moti stated that he did not know much. It should be noted that he spoke broken English. Moti stated that he worked on that date and arrived at home around 2100 hours with his wife Kimini. They had dinner and then went to bed promptly after that. I asked Moti if Priyanka was living with them at the time. He told me that she was. I asked Moti if he was aware of the party that night. Moti told me that he did not know anything about that. I asked him of Priyanka spoke to him about what she did not night and she stated that he did not. I asked Moti if Priyanka told him that she went to the liquor store that night and he stated that he really did not know. Moti does not know when Priyanka arrived home that night. Moti stated that he does not know much about what goes on in the lives of their children. I asked Moti if he remembered Preety dating William or Willie. He paused and stated that he really did not know.

I asked Moti if their store had a television. He stated that he has had a television since 2015. The store is also alarmed and Preety and Priyanka know the code. Moti stated that Preety and Priyanka used to work weekend for them. However, Preety has a high mortgage and has another job to pay her mortgage. Priyanka stills works from time to time on a Saturday for a few hours in the evening shift. Priyanka typically does not want to work any more. This concluded our phone call. Moti was very polite throughout and had a calm demeanor. He simply stated that he did not know much about the situation.

I then called Kimini and spoke to her on the phone. Kimini speaks English very well. I asked her to tell me what she knew about Eric's case. She told me that on the night in question she and her husband were home and in bed by 2130 hours. The following morning Preety told her that Eric walked off after an argument to cool off. She stated that Preety told her that she wanted to walk with Eric, but Eric told her no. Preety stated that they looked for him and then she returned home to wait for him. Eric did not return and then we (Lakewood Police) were notified and the investigation began.

I asked Kimini to tell me about the relationship with Preety and Eric. Kimini told me that their family is sad and they miss Eric. She stated that the relationship between Preety and Eric was very good. She had them over many times for lunch. Eric spoke to her and Moti before he proposed to Preety and they were very happy because Eric is a good man. Kimini told me that Preety misses Eric greatly and for six or more months after his initial disappearance, Preety was out looking for Eric. Currently, Preety is working 7 days a week. Kimini feels that she is doing that to keep her mind occupied as well as pay the mortgage. Preety cries a lot and Kimini hurts as well. Kimini misses Eric and is sad to watch her daughter go through this. Preety is not eating or sleeping very well according to Kimini.

I asked Kimini if she ever met Eric's parents. She stated that they did meet. A few days after Eric went missing they all sat together at Eric and Preety's home. Kimini and Denice also spoke on the phone the following week. Kimini told me that Eric's parents are very nice. Kimini did not express any problems between them and the Pracht family. Kimini appeared sincere and polite during our phone call. This concluded our conversation.

Further Information:

On 03/08/2018 I spoke with Ryan via telephone. I introduced myself and explained the reason for my call. I then asked Ryan for his identifying information which he provided. In speaking with Ryan I learned that he is from Albuquerque, New Mexico. He met his wife Thea in College and they moved out to Colorado for his job at Four Winds Interactive where he is a manager of a software division. He informed me that Thea is a project manager in the IT department for First Bank. Thea met Priyanka at First Bank in the IT department and they became friends.

On the night in question he and Thea arrived at Preety's house for a small party. This was the first time meeting Preety and Eric. Ryan stated that he and Thea arrived around 1800 hours and were having a good time. Ryan reported that Eric arrived later and they all surprised him. It was Ryan's understanding that this was a surprise party and Eric did not know about it. Ryan stated that Eric came inside and got settled and then grabbed a beer and sat down. Ryan stated that he was hanging out with Eric and his friend (most likely Caleb) and Eric was telling them about the late call that he had on this date. Ryan stated that this was his first time meeting Eric and he seemed like a nice person. Ryan stated that everyone was enjoying the party and there were no issues. Ryan reported that he has been to parties where politics are discussed and it becomes heated and awkward. He stated that no such topics were discussed when he was at the party. They mainly spoke about video games and other topics. Ryan reported that he hung out in the kitchen and living room area. They were joking around and placing different things in the freezer to see if they would freeze.

Ryan stated that everyone seemed very open and no one seemed to be uncomfortable at the party. I spoke to Ryan a little more about the conversations and asked him if there was any sort of talk about hunting, camping, or guns. He stated that there was no conversations in regards to that. He stated that gun topics are political and that was not a topic that was discussed. Ryan reported that he and Thea left the party around 2130 hours. The following morning, Thea received a text message from Priyanka that stated something to the effect of Eric leaving that night and he never came home. Ryan told me that he and Eric never exchanged phone numbers and he did not know what was going on. He stated that he was shocked to hear this news. Ryan reported that he and Thea helped with searches the following Thursday. Ryan then recalled hearing that K-9 search dogs were used and they tracked Eric's scent to a street and then lost the scent. He does not know where that information came from. Ryan stated that Thea and Priyanka still talk periodically, but they have not hung out due to their busy schedule and work. Ryan did not have any further information. I informed him that I called Thea but was unable to leave a voicemail because her voicemail box is full. I asked Ryan to have Thea give me a call at her earliest convenience. Nothing further.

Further Information:

On 03/12/2018 at approximately 1150 hours, I received a phone call from Detective Shawna Gilbert. She informed me that she was contacted by Dr. Christina Pink with Metropolitan State University. Dr. Pink is an anthropologist at the University and she works with local law enforcement jurisdictions with recovered remains and works with NecroSearch. I have been a part of other investigations with Dr. Pink and she has provided training at the Lakewood Police Department.

Detective Gilbert asked the I contact Dr. Pink into some bones that Randy Pracht contacted her about. I spoke with Dr. Pink via cell phone and she told me that Randy sent her some photographs of some bones asking if she could identify them. She recognized the name and recalled this case and reached out through Detective Gilbert to get a hold of me. Dr. Pink reported that she viewed the photographs and opined that the bones do not appear to be human. She reported that it would be unprofessional of her to speak directly to the family and she was not comfortable contacting them directly. Dr. Pink emailed me that photographs. This concluded our initial contact. At approximately 1415 hours Randy and Denice arrived at the Lakewood Police Department. I met them in the lobby and they provided a white Wal-Mart plastic bag with two suspected long bones inside that were each wrapped in some napkins. I informed them that Dr. Pink and I scheduled a time on 03/14/2018 for her to view the bones and give an official opinion. I then spoke to them about my preferred plan should they come across bones again. I informed them that they need to call the non-emergency number and we will respond so that the scene may be documented accordingly and the evidence may be collected properly. This concluded our contact.

On 03/14/2018 at approximately 0930 hours Dr. Pink examined the bones and was able to determine that they are tibia and fibula bones of a deer. The ends were gnawed away. She had a library of bones to do a direct comparison of the bones. I notified Randy and Denice of these findings via email.

At this time, there are no active leads in this investigation. Therefore, this case will be suspended.

Further Investigation:

On 07/22/2018, being two years after the onset of this investigation, we released this story via Crime Stoppers through Channel 9 News asking for any tips in this case. On 07/23/2018 at 1904 hours a tipster provided a tip via Crime Stoppers in regards to seeing a transient male in Avon, CO that he believed to be Eric Pracht. The tipster identified himself as Carlos Vasquez and provided a phone number.

On 07/24/2018 around 1320 hours I called Carlos and spoke to him further. He told me that he was 80 to 90% sure that the male he interacted with in Avon was Eric. He stated that he was outside of a bar at the time named "Bob's Place". They were then in the bar and Carlos bought a beer for this male. He stated that the male told him that he was high on shrooms as well. From there they then walked a short distance to a place called "Loaded Joe's". Carlos did not have any further information.

I called the Avon Police Department and spoke to Officer Tyler Churches in regards to this information. I passed on contact information to him for Carlos. Officer Churches later informed me that he spoke further with Carlos after Officer Churches was able to view video from inside the bar at "Bob's Place". Carlos informed Officer Churches that he never actually went into the bar with the male. There are no external cameras to the bar. Officer Churches found that the surveillance system at "Loaded Joe's" is not functioning. Officer Churches stated that there is not much of a transient population in Avon, CO. He stated that he spoke to one transient who stated that he may have seen a male matching Eric's description at the Wal-Mart. However, Officer Churches has not been able to locate that male. This concluded my follow up with this tip.

On 07/25/2018 I followed up on a tip that was provided to me by Debbie Manning, who manages a Facebook Page dedicated to Eric Pracht. The tip came from a female named Katie Schroeder. She commented on Crime Stopper's release that was sent to the public. In the comments field, Katie stated that Eric looks like a male who was at a gas station on 07/22/2018. The last sentence state, "Doubt it was him but looks real similar". Debbie Manning commented back to her message asking which gas station. Katie responded back by only providing an intersection and no name to the gas station. The intersection provided is in Henderson, CO at 88th Ave and Brighton Rd. I performed a public records search and located a phone number for a Katie Schroeder. I received an automated message and left a message requesting a return call. I then responded to the area and found that there are three potential gas stations in that area. I checked the Shell Gas Station located at 9001, I-76, Henderson, CO 80640. I sat down with the manager, who was new to the store. He found that the recording system was not functioning.

I then drove the area and located a Murphy Express Gas Station located at 8796 Brighton Rd, Commerce City, CO 80022. I was given access to the recording system and allowed to view the footage. I watched video from 0500 hours on 07/22/2018 through 07/25/2018 at 0500 hours. I did not see any males enter the gas station matching the description provided by Katie. I never received a call back from Katie. This concluded the follow up on this tip.

On 08/07/2018 I spoke to Jill Nagode. She informed me that her sister is named Mary. Mary is friends with Denice Pracht and they shared information with Denice that Denice encouraged them to share with me. Jill reported that she helped with the search efforts in 2016. In the months after and even to date, Jill keeps an eye out for suspicious activity. On August 7, 2016 she was at the Main Reservoir searching. They found a sock but did not collect it. During the search, they encountered a male that was "creepy" in the parking lot. They saw him when they began and they searched for a couple of hours. They saw the same male as they were leaving and he was driving a white Jeep Cherokee. Jill then informed me about an incident on August 1, 2016 at Sanctuary Park. The following information was provided to me by Jill via email:

August 1, 2018 - Sanctuary Park

I sent a text to Bonnie/Denise on 8/1/18 about some yellow tape that my sister, Mary, saw that Monday (7/31) around part of the marsh at Sanctuary Park at Florida and Garrison. She wasn't sure what the yellow tape said, so went back on Wednesday to check and the tape was no longer there. I went to check out the park on that Wednesday evening to look for myself and saw a yellow flag likely where the yellow tape was, and saw yellow markings on the sidewalk perhaps to mark some upcoming utility work to be done. I parked my car in the St. Jude parking lot - a parking space closest to the path. There was a black 4-door sedan near me (looked like a Mazda 3) when I pulled it. that moved the car when I arrived. I saw a white female with a ponytail in the driver's seat, and she moved the car when I arrived to a spot about seven spots away (there wasn't anyone else in this part of the parking lot). I got out and walked south on the path to the viewing area at the marsh. I searched around a little bit and looked for my sister who was supposed to meet me there. She called and said she had to go home, so I

started to walk back to my car. (Not a super safe place with the reeds high and we decided that we would never search alone.) As I got closer to the parking lot, the woman in the car left just as I came out from the marsh. I got a partial tag [REDACTED] or [REDACTED] were the first three digits. I know it is 2 years later, but am mentioning it anyway. Can we search this spot?

August 7, 2016 - Main Reservoir

My sister and I decided to search this location because of the missing person found in the same lake in March 2016. When we arrived, we noticed a white male at the small shelter near the parking lot who stared at us and made us feel uncomfortable right off. We started to walk toward the lake and discovered near the path a black ankle sock with gray on the footing and a woman's hair tie around part of the sock. It looked like it could have been there for a few weeks (not a year/ but not over night). I remember being told during the search party that we were looking for black socks with gray padding, so we took a picture, sent it to Bonnie and stayed with the sock while Bonnie sent it to Randy. Randy then sent it to Peerty who said that wasn't it, that we were looking for black socks. We continued around to the right of the lake. About 50 yards away, I found a black cellphone case that seemed to be more weathered like it had been there awhile. I took a picture of it just in case. Before we got to the black cellphone case, I should mention that I saw two sticks sticking out of the ground near the water to the right of the dock. I thought it was strange, so I took a picture of that, too. Anything and everything that could possibly matter, I took a picture that day. We continued to search around the entire lake and showed Eric's picture to everyone we saw walking around the lake. When we neared the parking lot (our starting place) we saw the same white male still watching us. We asked some college-age kids nearby to walk us to the car because we were feeling unsafe. They, too, said they thought the guy seemed weird/shady and were happy to walk us. While we were at my car with the college-age boys, we saw a White Jeep pull into the parking lot and pick up the shady guy. I snapped a quick pic of him getting into the Jeep and then took a pic of the back of the Jeep in an effort to get the tag number.

Years later, I'm feeling like I wish I would have put the sock and the cell phone case in a bag just in case. But with Peerty clearing the sock, it seemed that anything else we saw didn't seem to matter as much.

Thanks for ALL you are doing to help this poor family. I wish there was a magic wand to help us find him and bring him home, even better if he is found safe. It really makes a difference though knowing that you are listening and following every lead. You are our hero. Thank you for that!!

The information provided by Jill is not an actionable lead in this investigation, but is nonetheless included in this report. There are no other leads at this time.

The court, upon review of an affidavit filed by Detective Kelly Cain, a peace officer for the Lakewood Police Department in support of the issuance of this order, hereby orders the production of the following records, for which there is probable cause to believe are in your actual or constructive possession or control:

**Credit Report for Eric Randolph Pracht, date of birth 06/14/91, social security number
[REDACTED] at 1655 S Cole St #B-7, Lakewood, CO 80228**

The court also hereby finds probable cause to believe that the requested material constitutes records that are stolen or embezzled, are designed and intended for used as a means of committing a criminal offense, are or have been used as a means of committing a criminal offense, that the possession of said records is illegal and would be material evidence in a subsequent criminal prosecution in this state, another state or federal court and that such grounds and probable cause support the issuance of this order pursuant to §16-3-301.1, C.R.S.

Pursuant to §16-3-301.1, C.R.S. the above-named business entity shall produce the above-described records within 30 days after the date this court order is served. The records shall be delivered to the Colorado criminal investigator or peace officer named in this order during normal business hours. The records shall be supplied in any form or format that is convenient for the business entity and that may be accessed by the named officer or the officer's agency or department. The business entity shall also provide a notarized attestation of accuracy that the records produced represent complete and accurate copies of all records identified in this order that are in the actual or constructive control of the business entity. If the business entity does not

produce all records identified in this order, it shall identify the records not produced. Failure to comply with this order shall support a finding of contempt of court.

Pursuant to §16-3-301.1, C.R.S., the peace officer named below is hereby authorized to serve this order during normal business hours of the above-named business entity, or at any other convenient time for the business entity, and to receive the records during normal business hours of the business entity. Service shall issue in the same manner as a summons under C.R.C.P. 4 or by personal service on a manager or supervisor of the business entity, or through any electronic or other means established and utilized by the business to receive service of process. This order must be served within 10 days after the date it is issued. Upon receiving the records from the business entity, the peace officer named herein shall file a return and inventory with the court indicating the records that have been received and the date upon which the records were received. The peace officer named herein may also file the original of the attestation of accuracy with the court.

All records shall be produced to:

COUNTY DISTRICT COURT, JEFFERSON COUNTY, COLORADO

AFFIDAVIT FOR A COURT ORDER FOR PRODUCTION OF RECORDS,
PURSUANT TO C.R.S. 16-3-301.1

I, Detective Kelly Cain, the affiant, under oath states, that the affiant has reason to believe that the business entity described as:

TRANS UNION CORPORATION

Principal Address:
**555 W ADAMS ST FL 2-9
CHICAGO, IL 60661**

Colorado Registered Agent:
**1560 BROADWAY, #2090
DENVER, CO 80202**

ID# 19871615684

is in actual or constructive control of certain records, to-wit:

Credit Report for Eric Randolph Pracht, date of birth 06/14/91, social security number [REDACTED] at 1655 S Cole St #B-7, Lakewood, Co 80228

for which a court order for production of records may be issued under the provisions of C.R.S. 16-3-301.1, on grounds that the records have been stolen or embezzled; are designed or intended for use as a means of committing a criminal offense; are or have been used as a means of committing a criminal offense; the possession of which is illegal; would be material evidence in a subsequent criminal prosecution in this state, another state, or federal court; the seizure of which is expressly required, authorized, or permitted by statute; or that would aid in the detection of the whereabouts of or in the apprehension of a person for whom a lawful arrest order is outstanding.

THE FACTS WHICH GIVE RISE TO THIS BELIEF AND WHICH ESTABLISH PROBABLE CAUSE TO BELIEVE THAT GROUNDS FOR THE ISSUANCE OF A COURT ORDER FOR PRODUCTION OF RECORDS ARE THE FOLLOWING:

The affiant is a commissioned police officer with **Lakewood Police Department**, in Jefferson County, Colorado and is currently assigned to the **Economic Crimes Unit**. The affiant has knowledge of the following information from personal observation and investigation, speaking with witnesses, reading witness statements, speaking with other peace officers, and reviewing the reports of other peace officers.

The affiant informs the court that:

On 07/23/2016 at approximately 1942 hours Agents were dispatched to a Missing Person call. Agent Louis Strube made contact with Preety Lal (DOB 11/07/1989) and Denice Pracht (DOB 07/08/1964). They were reporting Eric Pracht (DOB 06/14/1991) as missing.

Agent Strube was informed that on the date of 07/22/2016, Eric was at home with Preety as well as his friends: Caleb DeVeux (DOB 05/03/1991) and Priyanka Lal (DOB 10/01/1990). According to Preety, Eric came home at approximately 2030 hours on 07/22/2016. The four of them were drinking and as the evening went on, current events and politics were being discussed. Preety stated that Eric is a medic for South Park Ambulance Service and had become depressed over current police attacks. She stated that they were intoxicated during the discussion which turned into a verbal argument. She stated that "he took it personal" and felt that he was "targeted" because his medic uniform is similar to police officers uniforms.

At about 2355 hours Eric and Preety took a bag of trash out to the dumpster. The argument continued and she stated that he "felt like I wasn't on his side". He told her that he needed to "cool off and take a walk". This is common behavior for Eric "to take a breather" during arguments. She stated that at no time did the argument become physical.

Caleb is a co-worker and friend of Eric. He stated that Eric has had a few "bad calls involving children" that has caused Eric to become depressed over the last few weeks. Caleb said that Eric has spoken to him about his experiences during the "bad calls" but does not know if Eric has sought any professional care. Eric has not made any statements to Caleb about suicide or self-harm.

Agent Strube also spoke to Priyanka who is the sister of Preety. Priyanka stated that Eric appeared to be upset about the topics being discussed. She did not have any further information from what was described by Caleb or Preety. Priyanka did not hear Eric make any statements of suicide or self-harm.

Caleb and Priyanka stayed in the apartment while Eric and Preety took out the garbage. Preety is the last known person to have seen Eric.

Eric was wearing tan shorts and a blue shirt. Eric did not have shoes on when he left. It is believed that Eric had his phone and ID with him when he left.

Eric does own firearms which are kept locked in a safe at his home. At the time of report, Preety believed that Eric was not armed with a gun.

Eric did not make any statements to harm himself or others. Preety stated that it is not normal behavior for Eric to not be in contact for a long period of time.

Eric is not under the care of a doctor for depression. Eric is not known to use drugs and is not taking any prescribed by a doctor.

Preety and his mother, Denice stated that they had made numerous calls to local hospitals and to Jefferson County Jail to inquire about the possibility of Eric being arrested or in a hospital. They were informed that no persons of his name were in the jail or medical computer systems.

After canvassing neighbors at the area, nobody saw a male matching the description. No neighbors heard or saw anything unusual during the time in question. There were no signs of struggle or violence at the location that Agent Strube observed during his canvass.

Agent Strube attempted to call Eric's cellphone. The call went directly to voicemail and he left a message.

Eric's vehicle with plate (CO) 125-VWJ, was on scene and accounted for at the time of report.

Eric was listed as a Missing Person with LPD records: TTY# R16-02938.

On 07/24/2016 at approximately 1315 hours Agent Strube was informed that LPD Dispatch obtained information with Verizon Wireless regarding the last known phone call made by Eric's cell phone. The phone made an outgoing call from the area of 1830 S Yank Ct. Agent Strube went to the address and made contact with the homeowner. The owner does not know Eric. He allowed access to his camping trailer that was in the front driveway and found to be unlocked. It did not appear to the owner to have anything out of place or missing. The homeowner also allowed access to the open space behind his back yard. The area is a very steep ravine that is heavily wooded, is overgrown with shrubs and also has extensive underbrush. There appeared to be few game trails in the area. It did not appear to be traveled by humans. There was no indication that Eric was in that area. No items associated to Eric were found during this search.

Agent Strube also conducted a neighborhood canvas of that area. Nobody he spoke to knew Eric or had seen anyone matching his description during the time in question.

Agent Strube spoke to Preety again via phone. She informed him that she has a joint bank account with Eric, for bills, and there were no new transactions from that account. She also informed him that Eric has a 1st Bank debit card. She was able to contact the bank and there were no new transactions on his debit card since Eric was last seen.

She stated that Eric has a BestBuy MasterCard and another unknown credit card. At the time of report she does not know if these cards have been used.

Based on the above information, Your Affiant would like to obtain a credit report from Trans Union for Eric Pracht to examine what open lines of credit he has. Through examination of this financial information, additional leads could be uncovered concerning any activity upon the accounts since Eric Pracht went missing. Further investigation upon the open lines of credit hope to assist in locating Eric Pracht to check

his welfare.

Based on the above facts and circumstances the affiant feels there is probable cause to believe **Missing Person** as defined by C.R.S. 16-2.7-103 was committed and the evidence of that crime, which would be of material benefit in a subsequent criminal prosecution is in the actual or constructive control of the business entity. Furthermore, your affiant feels there is probable cause for the issuance of a court order under C.R.S. 16-3-301.1 and an application is hereby made for issuance of a court order directing the business entity to produce the described records within thirty days after the date this court order is served and deliver the records to the affiant.

~~**It is further ordered that Trans Union shall not disclose the existence of the application or this Order of the Court, or the existence of the investigation, to the listed subscriber/customer, or to any other person unless and until authorized to do so by the Court.~~

**AFFIDAVIT FOR SEARCH WARRANT
UNDER RULE 41 AND TITLE 16, ARTICLE 3, C.R.S. 1973 AS AMENDED**

DETECTIVE Timmy Marquez, being first duly sworn upon his oath, relates the following facts:

Your affiant is a police detective for the Lakewood Police Department assigned to the Major Case Unit. Your affiant's case responsibilities include the follow-up investigation of reported violations of the Colorado Revised Statutes. Your affiant has personal knowledge of the facts contained within this affidavit through personal involvement, interviews with witnesses and other police officers, and through reviewing official police reports.

On 07/23/2016 at approximately 1942 hours Agents were dispatched to a missing persons call at 1655 S Cole Street unit B-7, which is located in the City of Lakewood, County of Jefferson, and State of Colorado. Dispatch advised that the missing person was identified as Eric Pracht (W/M 06/14/1991).

The investigation began and it was learned that Eric resides at said address with his fiancé Preety Lal (11/07/1989). Preety reported that on the date in question she and Eric hosted a small party at said address. Several guests arrived at the home before Eric did. Eric was working on that date and arrived home around 2030 hours. Present at the party was Preety's sister Priyanka Lal with some of her friends. A coworker of Eric's was present as well. He was identified as Caleb Deveux. Preety later advised that Caleb was invited specifically to introduce him to her sister Priyanka. The two of them had met previously and each expressed interest in dating each other. Preety stated that this party was last minute and they were having it to celebrate Eric leaving one job as a paramedic and taking full time job as a paramedic with a company he had been working for part time.

Preety reported that the party went well initially. She stated that Priyanka's friends left around 2300 hours. She and Priyanka were in an argument because Priyanka felt that Preety was not a good host to her friends. This argument was between the two of them only. Shortly after that, Caleb and Eric engaged in a conversation about the Black Lives Matter movement. This discussion became heated between everyone. Preety stated that Eric was intoxicated at the time and he was upset with her. Eric felt that he was being discriminated against because he wears a uniform. He felt that it was not just law enforcement that was being targeted by the Black Live Matter movement.

Preety stated that she expressed her opinion and Eric responded with anger because he felt that she was not supporting him. The discussion ended, but Eric was still upset. He stated that he wanted to leave to

cool off. Preety was talking to him in an effort to placate the situation. Preety informed your affiant that during a portion of the discussion, Eric made a comment that she deemed to be racist in nature. Specifically, he stated something to the effect of not wanting to help black people anymore. Preety responded by stating that maybe they should not marry if Eric was going to be a racist. This upset Eric.

Preety stated that she cleaned up the kitchen and walked with Eric outside so that they could talk and she could throw the trash. Preety stated that she was begging Eric to come back inside. She told him that she wanted her sister and Caleb to leave so that the two of them could be alone to resolve their argument. Eric insisted on taking a walk to cool off. He had a beer in his hand at the time and Preety asked him to throw it away. Eric did throw it away and left on foot. He left clothed in a pair of shorts, t-shirt, cell phone, and wallet. He was not wearing any shoes.

Preety went inside and argued briefly with Priyanka. Caleb was still present but left at some point when Preety and Priyanka were arguing. The estimated time that Eric left on foot is between 2330 hours on 07/22/2016 and 0100 hours on 07/23/2016. At the time of the initial investigation there was no evidence of foul play or of a crime.

On 07/25/2016 your affiant was assigned the case for follow up. Your affiant met with Preety as well as Eric's mother Denice Pracht and his father Randy Pracht. They were at the Hayden Park Green mountain trail head with several people preparing to search for Eric on foot. Your affiant then spoke with my supervisor Sergeant Michele Wagner and we then organized the search efforts utilizing the volunteer searchers that were present. A command post was established where we coordinated mapping the search areas for Eric. We utilized cell phone records and cell site information from Eric's phone to assist with areas to search based off his cell phone activity in the hours after he went missing. In addition, we were afforded resources from the Colorado Forensic Canine unit, Alpine Search and Rescue, and a company we were able to contact to deploy a drone to check areas around and on Green Mountain. Search efforts took place for three days with no results.

Eric is a paramedic and was preparing to marry Preety Lal. They purchased their home together and each own a vehicle. Eric's vehicle was on scene as well. Preety stated that Eric was certainly stressed at times due to his work as a paramedic, but was not suicidal. During the initial days of the investigation, a black sock was found on one of the trailheads. Preety was informed of this and your affiant asked for her consent for a search of her home to look for a matching sock. Your affiant searched the entire home and did not locate a matching sock. During my search I went through Eric's work bag and the entire home. Your affiant did not locate his cell phone at all. Preety informed your affiant that Eric owns firearms and your affiant viewed the safe in the second bedroom of the home. The second home is Eric's "gaming room" where he plays video games. He has a large safe in the closet of that room, but Preety did not know the passcode. Therefore we were unable to open it at that time. Preety reported that she and Eric go shooting together in the mountains and to her knowledge he stores all of his weapons in the safe. Later, Denice and Randy took the safe from the home and contacted the manufacturer. They were able to open the safe and found that Eric was missing a Glock pistol. That weapon was not located in any other portion of the home and was not located in Eric's vehicle that was also searched in the initial days of the search efforts.

Your affiant continues to investigate the disappearance of Eric. The Lakewood Police department has reached out to a psychic medium Deb Sheppard who has worked with our Cold Case Unit in the past. She has provided information that has yet to have any fruition. Deb Sheppard has a theory that Eric was struck by a car and that the occupants panicked and disposed of his body in the foothills. Eric's family has been actively distributing flyers in the area to seek the public's help with locating Eric. Recently on 01/18/2016 Denice informed your affiant that she recently sent a message to Eric on his Snapchat account. She did not expect to hear from him but stated that it was her way to cope with the situation. However, Denice found that the message that she sent was opened. She then sent another one and found that it was also opened.

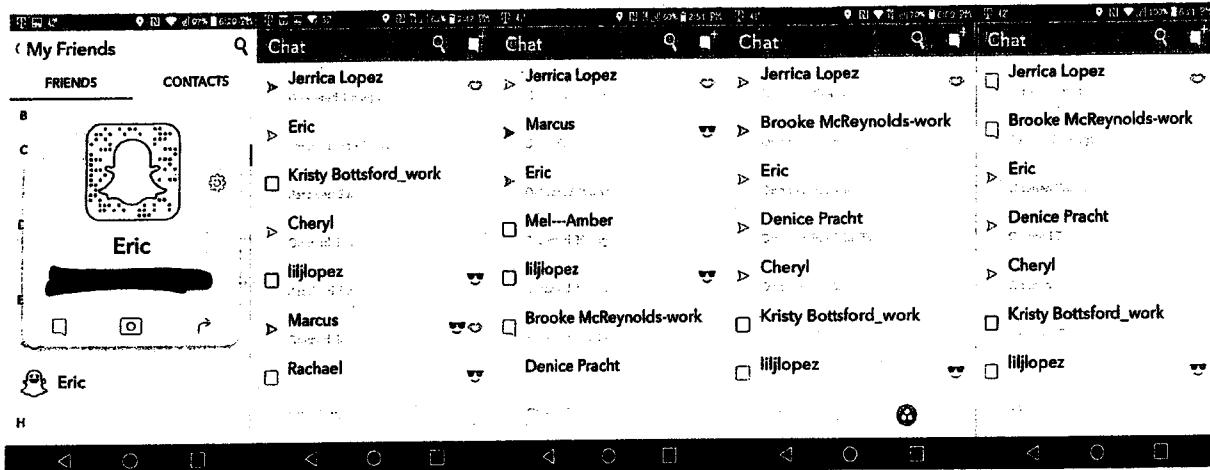

Your affiant researched Snapchat and found that it is a mobile device application to send messages and share pictures and videos. It may also be accessed through a computer or tablet device. The following information explains how Snapchat works:

A "Snap" is defined as the user taking a photograph or video with their camera phone in real-time and then sharing it with friends who also use the App. The sender or recipient may choose to save the photograph or video. The "Snaps" may be saved on the device itself or it may be saved to "Memories" which is Snapchat's cloud-storage service.

A "Story" may be added to the users Snapchat and can contain photos and video's posted for friends or the public to view for up to 24 hours. They may also be saved the "Memories".

A "Chat" is a feature for a user to send messages, photos, videos, audio notes, and video notes to a friend with in Snapchat. A user sends the "Chat" message to a friend who may then view it. These messages may be deleted. This "Chat" function has a feature that allows the sender to view when a message has been opened by the receiver.

In this case, Denice send Eric a message in the "Chat" feature and she received a notification that the message was opened. She has not received any messages from Eric. Because of this recent activity on Eric's social media, your affiant met with Preety to speak to her about this. Currently, Preety is not in communication with Eric's family. Your affiant asked Preety if she was logged into Eric's Snapchat and was monitoring his social media. Preety denied being logged into his account and stated that she has also sent him messages in Snapchat with hopes that he would answer. Your affiant learned that the App does not allow you to be connected on multiple devices. Meaning, that if the user is logged in on one cell phone, they cannot be logged in simultaneously on another cell phone or tablet. The App kicks the user off of one device if it is logged in on another device. The App utilizes the cell phone number and email address to create an account. Once an account is create the user has a "username" and a "vanity name". A "username" is defined as a unique identifier associated with the user. This cannot be changed. A "vanity name" is not a unique identifier and can be set or changed by the user. Eric's "username" is [REDACTED] and his "vanity name" is [REDACTED]. Below are screen shots of the Snapchat messages sent to your affiant.

In following up with this information, your affiant spoke to Verizon wireless in an effort to obtain emergency pings on the cell phone since there was this recent Snapchat activity. Verizon informed your affiant that the device has not been active since and that the cell phone number is still active. Your affiant confirmed this with Preety who stated that she is still paying for the cell phone plan. Verizon told me that the number was still active for Eric and that the cell phone is also still being paid for every month. Your affiant knows that many cell phone carriers no longer offer smart phones or many phones at discounted prices. They now require the device to be paid for in full up front or you may pay for it monthly with your cell phone bill. The information that Eric's actual device was not active is consistent with our investigation in which we found that it most likely died during our search efforts. Verizon explained that since Eric's cell phone number is still active and the device is still being paid for, no one would be able to activate that device under a different account or name. In addition, Eric would not be able to activate that phone number on another device since Preety still pays the bill.

Your affiant contends that a search warrant to Snapchat will aid in the discovery of who is accessing Eric's Snapchat account and opening the messages. Furthermore, such records may aid in the facts and circumstances surrounding the disappearance of Eric Pracht.

Therefore, your affiant respectfully requests that the courts issue a warrant to **Snap Inc.** located at **63 Markey Street, Venice, CA 90291** for username [REDACTED]. Items to be searched and seized include:

- **Snapchat username**
- **Email address**
- **Phone number**
- **Snapchat user vanity name**
- **Snapchat account creation date and IP address**
- **Timestamp and IP address of account logins and logouts**
- **Logs of previous snaps, stories, and chats**
- **Content**

CFC-1900 W. LITTLETON BOULEVARD, LITTLETON, CO 80120

The court, upon review of an affidavit filed by Detective Kelly Cain, a peace officer for the Lakewood Police Department in support of the issuance of this order, hereby orders the production of the following records, for which there is probable cause to believe are in your actual or constructive possession or control:

Credit Report for Eric Randolph Pracht, date of birth 06/14/91, social security number [REDACTED] at 1655 S Cole St #B-7, Lakewood, Co 80228

The court also hereby finds probable cause to believe that the requested material constitutes records that are stolen or embezzled, are designed and intended for used as a means of committing a criminal offense, are or have been used as a means of committing a criminal offense, that the possession of said records is illegal and would be material evidence in a subsequent criminal prosecution in this state, another state or federal court and that such grounds and probable cause support the issuance of this order pursuant to §16-3-301.1, C.R.S.

Pursuant to §16-3-301.1, C.R.S. the above-named business entity shall produce the above-described records within 30 days after the date this court order is served. The records shall be delivered to the Colorado criminal investigator or peace officer named in this order during normal business hours. The records shall be supplied in any form or format that is convenient for the business entity and that may be accessed by the named officer or the officer's agency or department. The business entity shall also provide a notarized attestation of accuracy that the records produced represent complete and accurate copies of all records identified in this order that are in the actual or constructive control of the business entity. If the business entity does not produce all records identified in this order, it shall identify the records not produced. Failure to comply with this order shall support a finding of contempt of court.

Pursuant to §16-3-301.1, C.R.S., the peace officer named below is hereby authorized to serve this order during normal business hours of the above-named business entity, or at any other

16-30309

convenient time for the business entity, and to receive the records during normal business hours of the business entity. Service shall issue in the same manner as a summons under C.R.C.P. 4 or by personal service on a manager or supervisor of the business entity, or through any electronic or other means established and utilized by the business to receive service of process. This order must be served within 10 days after the date it is issued. Upon receiving the records from the business entity, the peace officer named herein shall file a return and inventory with the court indicating the records that have been received and the date upon which the records were received. The peace officer named herein may also file the original of the attestation of accuracy with the court.

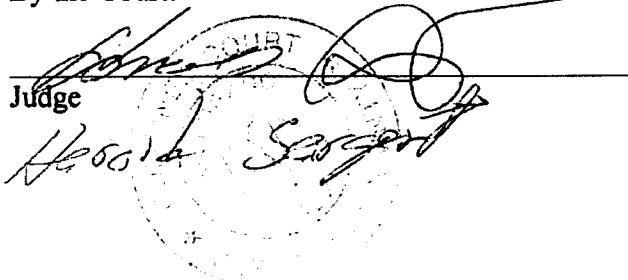

All records shall be produced to:

Detective Kelly Cain

**AFFIDAVIT FOR A COURT ORDER FOR PRODUCTION OF RECORDS,
PURSUANT TO C.R.S. 16-3-301.1**

COMBINED COURT
JEFFERSON COUNTY, CO

I, Detective Kelly Cain, the affiant, under oath states: That the affiant has reason to believe that the business entity described as:

TRANS UNION CORPORATION

Principal Address:

**555 W ADAMS ST
CHICAGO, IL 60661**

Colorado Registered Agent:

CFC-1900 W. LITTLETON BOULEVARD, LITTLETON, CO 80120

is in actual or constructive control of certain records, to-wit:

Credit Report for Eric Randolph Pracht, date of birth 06/14/91, social security number [REDACTED] at 1655 S Cole St #B-7, Lakewood, Co 80228

for which a court order for production of records may be issued under the provisions of C.R.S. 16-3-301.1, on grounds that the records have been stolen or embezzled; are designed or intended for use as a means of committing a criminal offense; are or have been used as a means of committing a criminal offense; the possession of which is illegal; would be material evidence in a subsequent criminal prosecution in this state, another state, or federal court; the seizure of which is expressly required, authorized, or permitted by statute; or that would aid in the detection of the whereabouts of or in the apprehension of a person for whom a lawful arrest order is outstanding.

THE FACTS WHICH GIVE RISE TO THIS BELIEF AND WHICH ESTABLISH PROBABLE CAUSE TO BELIEVE THAT GROUNDS FOR THE ISSUANCE OF A COURT ORDER FOR PRODUCTION OF RECORDS ARE THE FOLLOWING:

The affiant is a commissioned police officer with Lakewood Police Department, in Jefferson County, Colorado and is currently assigned to the Economic Crimes Unit. The affiant has knowledge of the following information from personal observation and investigation, speaking with witnesses, reading witness statements, speaking with other peace officers, and reviewing the reports of other peace officers.

The affiant informs the court that:

On 07/23/2016 at approximately 1942 hours Agents were dispatched to a missing persons call at 1655 S Cole Street unit B-7, which is located in the City of Lakewood, County of

Jefferson, and State of Colorado. Dispatch advised that the missing person was identified as Eric Pracht (W/M 06/14/1991).

Agent Strube was informed that on the date of 07/22/2016, Eric was at home with Preety as well as his friends: Caleb DeVeux (DOB 05/03/1991) and Priyanka Lal (DOB 10/01/1990). According to Preety, Eric came home at approximately 2030 hours on 07/22/2016. The four of them were drinking and as the evening went on, current events and politics were being discussed. Preety stated that Eric is a medic for South Park Ambulance Service and had become depressed over current police attacks. She stated that they were intoxicated during the discussion which turned into a verbal argument. She stated that "he took it personal" and felt that he was "targeted" because his medic uniform is similar to police officers uniforms.

At about 2355 hours Eric and Preety took a bag of trash out to the dumpster. The argument continued and she stated that he "felt like I wasn't on his side". He told her that he needed to "cool off and take a walk". This is common behavior for Eric "to take a breather" during arguments. She stated that at no time did the argument become physical. Eric left clothed in a pair of shorts, t-shirt, cell phone, and wallet. He was not wearing any shoes.

On 07/25/2016 Detective Marquez was assigned the case for follow up. Detective Marquez met with Preety as well as Eric's mother Denice Pracht and his father Randy Pracht. They were at the Hayden Park Green mountain trail head with several people preparing to search for Eric on foot. Detective Marquez then spoke with his supervisor Sergeant Michele Wagner and we then organized the search efforts utilizing the volunteer searchers that were present. A command post was established where we coordinated mapping the search areas for Eric. We utilized cell phone records and cell site information from Eric's phone to assist with areas to search based off his cell phone activity in the hours after he went missing. In addition, we were afforded resources from the Colorado Forensic Canine unit, Alpine Search and Rescue, and a company we were able to contact to deploy a drone to check areas around and on Green Mountain. Search efforts took place for three days with no results.

Eric is a paramedic and was preparing to marry Preety Lal. They purchased their home together and each own a vehicle. Eric's vehicle was on scene as well. Preety stated that Eric was certainly stressed at times due to his work as a paramedic, but was not suicidal. During the initial days of the investigation, a black sock was found on one of the trailheads. Preety was informed of this and Detective Marquez asked for her consent for a search of her home to look for a matching sock. Detective Marquez searched the entire home and did not locate a matching sock. During the search Detective Marquez went through Eric's work bag and the entire home and did not locate his cell phone at all. Preety informed Detective Marquez that Eric owns firearms and Detective Marquez viewed the safe in the second bedroom of the home. The second home is Eric's "gaming room" where he plays video games. He has a large safe in the closet of that room, but Preety did not know the passcode. Therefore we were unable to open it at that time. Preety reported that she and Eric go shooting together in the mountains and to her

knowledge he stores all of his weapons in the safe. Later, Denice and Randy took the safe from the home and contacted the manufacturer. They were able to open the safe and found that Eric was missing a Glock pistol. That weapon was not located in any other portion of the home and was not located in Eric's vehicle that was also searched in the initial days of the search efforts.

Detective Marquez continues to investigate the disappearance of Eric. The Lakewood Police department has reached out to a psychic medium Deb Sheppard who has worked with our Cold Case Unit in the past. She has provided information that has yet to have any fruition. Deb Sheppard has a theory that Eric was struck by a car and that the occupants panicked and disposed of his body in the foothills. Eric's family has been actively distributing flyers in the area to seek the public's help with locating Eric. Detective Marquez received records to Eric's Snapchat account and his YouTube account with Google pursuant to a search warrant. Those records have not been fruitful and there is no activity.

According to the Department of Labor, Eric has not reported any income since the last quarter of 2016. On 12/06/2017, Eric's parents received a letter addressed to Eric from Equifax. Please see below:

Dear ERIC PRACHT

Colorado law requires that a consumer reporting agency, such as Equifax, provide each consumer with a disclosure copy of his or her credit file at no charge when one of the following events occurs within a twelve-month period.

1. The consumer reporting agency has received eight credit inquiries pertaining to the consumer (a credit inquiry means, for example, that a bank, finance company or store with which you applied for credit has requested your credit file), or
2. The consumer reporting agency has received a report that adds negative information to a consumer's file (negative information refers to items like payments not made as agreed, an account in collection, a bankruptcy, judgment, lien or other adverse information).

This letter is to notify you that within the last twelve months we have received at least one report that added negative information to your credit file.

If you would like to receive a free disclosure copy of your credit file, please call toll free 1-800-216-1035. This is the fastest way to obtain your Equifax credit file.

You may, instead of calling, complete and detach the form below. Return it to the address listed. Use of any other address may delay the processing of your request.

Your affiant previously obtained a production of records to Trans Union on 07/25/16 regarding Eric's credit history. The credit report showed no activity around the time that Eric went missing or subsequent days after.

Detective Marquez spoke to Preety about this letter and she informed him that she paid off all of Eric's credit cards. Preety added that all the other bills were up to date. Detective Marquez reports that Preety was struggling to pay the bills and mortgage but is now working three jobs to pay the mortgage and bills.

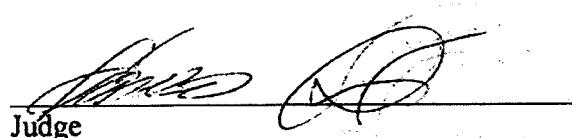

Your affiant contends that a production of records to Trans Union may assist in determining what activity may be taking place with Eric's credit such as late payments, new credit lines, and closed credit line.

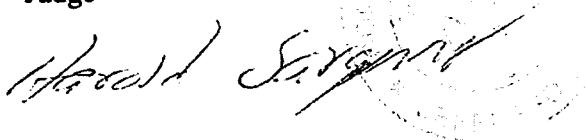

Based on the above facts and circumstances the affiant feels there is probable cause to believe **Missing Person** as defined by C.R.S. 16-2.7-101 was committed and the evidence of that crime, which would be of material benefit in a subsequent criminal prosecution is in the actual or constructive control of the business entity. Furthermore, your affiant feels there is probable cause for the issuance of a court order under C.R.S. 16-3-301.1 and an application is hereby made for issuance of a court order directing the business entity to produce the described records within thirty days after the date this court order is served and deliver the records to the affiant.

The affiant has read the above and foregoing application and affidavit, and the statements therein contained are true to the best of his/her knowledge, information and belief.

RP is a waitress at Davies Chuckwagon at the Colfax location. She is certain that this subject was in Davies on 7-25... She thought he seemed stressed out and he had met another male at the restaurant. RP says she frequently waits on him & his mother at the restaurant. She thinks Davies has video cameras but was not sure.

Narrative:

Nick is a volunteer searcher for the missing paramedic. He wanted to say that the family, particularly the brothers were Marcus' was acting strangely when they brought back possible evidence (they pushed away w/ little interest and advised the RP not to search an area that hasn't been searched), then forced them to leave all together.

The area in question is S Wright st / Asbury back behind the creek.

RP would like to note the strange behavior with someone.
